Universal Love:

Gandhi's Philosophy of Action Prem Anand Mishra,2020-01-01 What are the elements that really constitute an action in Gandhi s worldview What is the basis and nature of his action How his views on action are related to his metaphysics theory of knowledge and ethics From where does he get inspiration for his views on the action As action relates the individual to others how does Gandhi see the relation between the self and other Is there any action or actions needed for oneself before engaging with others As Gandhi tends to adhere to the Hindu philosophical tradition and of which the law of karma is an integral part then how does Gandhi get influenced by and reflect on the law of karma This book essentially deals with these questions It attempts to explore and construct Gandhi s philosophy of action through a discursive journey of his writings It argues that Gandhi s philosophy of action is the outcome of his unified metaphysics epistemology and ethics It marks out that his philosophy of action comprises three essential inseparable components universal love responsibility and detachment
