Unknown Reality:

The Unknown Reality, Volume One Jane Roberts, 2011-07-08 From the Bestselling Author of *Seth Speaks* and *The Nature of Personal Reality* In this mind stretching journey into the very frontiers of consciousness Seth reveals the multidimensional nature of the human soul In *Seth Speaks* Seth introduced the concept of probable realities in which our idle daydreams and unfulfilled impulses do take place in which all possible choices are fully experienced by other portions of the self Now in this first volume of *The Unknown Reality* Seth explains the dazzling labyrinths of unseen probabilities involved in any decision and how our awareness of these can enrich the waking life we know In a fascinating exploration of the cosmic web of our existence Seth reveals The purpose of dreams and how they are often fulfilled unconsciously Misconceptions about death and the afterlife How different probable realities intersect and influence one another The relationship between physical health and inner reality A series of exercises to help you discover the unknown portions of your greater identity The self is multidimensional when it is physically alive It is a triumph of spiritual and psychological identity ever choosing from a myriad of probable realities its own clear unassailable focus When you don't realize this then you project upon life after death all of the old misconceptions The fact is that in life you poise delicately and yet perfectly between realities and after death you do the same Jane Roberts Speaking for Seth

The Unknown Reality, Vol 2 Jane Roberts, 2011-07-08 From the Bestselling Author of *Seth Speaks* In this second volume of *The Unknown Reality* Seth radically expands our conceptions of self by showing us that the human personality is literally infinite in its scope and potential He discloses precisely how probable realities combine to create our waking lives and how our higher selves make decisions regarding our everyday existence In a far reaching exploration of the dynamics of desire and free will he asserts that each atom molecule and cell has its own consciousness and powers of choice With humor and simple analogies Seth leads us beyond our ordinary level of awareness into a spectacular discovery of the multidimensional nature of the self including Consciousness units as the basis of our universe The relevance of extrasensory perception in understanding our world The worlds we visit in dreams and out of body states Dreaming as a science to create present and future realities Families of consciousness we choose to belong to Practical methods for exploring your own unknown reality There is an unknown reality I am part of it and so are you Each individual is a part of the unknown reality To explore the unknown reality you must venture within your own psyche travel inward through invisible roads as you journey outward on physical ones I hope that in this book the reader can see the greater dimensions that touch ordinary living and sense the psyche's greater magic Jane Roberts Speaking for Seth

MultiDimensional Reality Mary Marecek, 2001-07 Spirit guide Jane Roberts takes you through the process of raising consciousness She discusses dreaming love paradox how the universe works what co creation is and the purpose of living She says This love light frequency thing is a formula for ascension and the simplest one we know Try it Appearance and Reality Francis Herbert Bradley, 1930 *Myths and Realities* John L. McKenzie, 2009-01-01 The present collection of essays

selected by a priest teacher and laywoman student at Loyola University brings together wide ranging mind opening and absorbing studies on major aspects of biblical scholarship The volume comprises four major sections In the first Free Scholarship in the Church McKenzie emerges as an articulate spokesman for freedom of intellectual inquiry within the household of the faith Part 2 Inspiration and Revelation are lucid intellectually exhilarating investigations into the meaning of God s word and the historical processes from which the Bible emerged Part 3 Myth and the Old Testament includes probing essays that bring the reader face to face with an important and difficult subject the attitude of the biblical man to nature and to the mythologies of his pagan neighbors The final section Messianism is devoted to a study of the hopes of Israel of old and their fulfillment in Jesus Christ along with the use of messianic passages for apologetic purposes *The Problem of Reality, Being Outline Suggestions for a Philosophical Reconstruction* Ernest Belfort Bax,1892 *The Principles of Knowledge, with Remarks on the Nature of Reality* Johnston Estep Walter,1904 **Philosophy, Religious Studies, and Myth** Robert A. Segal,2014-07-16 Much of the theorizing about myth in philosophy and religious studies grows out of efforts to understand the classics and the Bible In the case of the classics the presence of myth has been taken for granted and conclusions reached about Greek and Roman mythology have spurred generalizations about myth In the case of the Bible however the existence of myth has been contested In fact Judaism and Christianity are regularly praised for their nonmythic outlook Conclusions reached about the presence or absence of myth in either the Hebrew Bible or the New Testament have led to generalizations about myth per se Many of the essays in this volume apply theories of myth to classical biblical and ancient Near Eastern cases but in so doing they draw conclusions about the nature of myth itself Those essays that criticize past applications make generalizations as well By no means has all theorizing about myth from philosophy and religious studies centered on the ancient world and this volume contains selections from theories in both disciplines that stem from reflections on the nature of science language knowledge and reality *Six Thousand Years of History: Great philosophers* Edgar Sanderson,John Porter Lamberton,Charles Morris,1909 *Free Notes on Herbert Spencer's First Principles with Suggestions Regarding Space, Time, and Force* ,1878 **Mind** ,1888 *The Contemporary Review* ,1904 *University of Michigan Publications* ,1930 **Strindberg's Dramatic Expressionism** Carl Enoch William Leonard Dahlström,1930 *Mind* George Croom Robertson,George Frederick Stout,George Edward Moore,1919 A journal of philosophy covering epistemology metaphysics philosophy of language philosophy of logic and philosophy of mind **The Bible and the Doctrine of Evolution** William Woods Smyth,1873 *The Problem of Reality* Ernest Belfort Bax,1892 *Epistemology ; Or, The Theory of Knowledge: pt.
