When the World Shook - Original Edition Sir H Rider Haggard,2020-11-23 I suppose that I Humphrey Arbuthnot should begin this history in which Destiny has caused me to play so prominent a part with some short account of myself and of my circumstances I was born forty years ago in this very Devonshire village in which I write but not in the same house Now I live in the Priory an ancient place and a fine one in its way with its panelled rooms its beautiful gardens where in this mild climate in addition to our own flourish so many plants which one would only expect to find in countries that lie nearer to the sun and its green undulating park studded with great timber trees The view too is perfect behind and around the rich Devonshire landscape with its hills and valleys and its scarped faces of red sandstone and at a distance in front the sea There are little towns quite near too that live for the most part on visitors but these are so hidden away by the contours of the ground that from the Priory one cannot see them Such is Fulcombe where I live though for obvious reasons I do not give it its real name Many years ago my father the Rev Humphrey Arbuthnot whose only child I am after whom also I am named Humphrey was the vicar of this place with which our family is said to have some rather vague hereditary connection If so it was severed in the Carolian times because my ancestors fought on the side of Parliament My father was a recluse and a widower for my mother a Scotswoman died at or shortly after my birth Being very High Church for those days he was not popular with the family that owned the Priory before me Indeed its head a somewhat vulgar person of the name of Enfield who had made money in trade almost persecuted him as he was in a position to do being the local magnate and the owner of the rectorial tithes I mention this fact because owing to it as a boy I made up my mind that one day I would buy that place and sit in his seat a wild enough idea at the time Yet it became engrained in me as do such aspirations of our youth and when the opportunity arose in after years I carried it out Poor old Enfield He fell on evil fortunes for in trying to bolster up a favourite son who was a gambler a spendthrift and an ungrateful scamp in the end he was practically ruined and when the bad times came was forced to sell the Fulcombe estate I think of him kindly now for after all he was good to me and gave me many a day s shooting and leave to fish for trout in the river By the poor people however of all the district round for the parish itself is very small my father was much beloved although he did practise confession wear vestments and set lighted candles on the altar and was even said to have openly expressed the wish to which however he never attained that he could

see a censer swinging in the chancel Indeed the church which as monks built it is very large and fine was always full on Sundays though many of the worshippers came from far away some of them doubtless out of curiosity because of its papistical repute also because in a learned fashion my father s preaching was very good indeed For my part I feel that I owe much to these High Church views They opened certain doors to me and taught me something of the mysteries which lie at the back of all religions and therefore have their home in the inspired soul of man whence religions are born Only the pity is that in ninety nine cases out of a hundred he never discovers never even guesses at that entombed aspiration never sinks a shaft down on to this secret but most precious vein of ore

When the World Shook Part 1 H. Rider Haggard,2026-02-27

The narrative opens with Arbuthnot s self portrait and moves through loss and departure as he Bastin and Bickley are driven by fate into a cyclone that casts them upon a mysterious island There they encounter the strange Orofenans and uncover secrets surrounding an island in a lake and tomb dwellers preserved in crystal The awakening of Oro and his daughter Yva after two hundred and fifty thousand years shatters modern assumptions about time and civilization As Oro recounts the grandeur and fall of his ancient empire while Bastin debates matters of faith the explorers are led into the under world where remnants of a forgotten race endure What began as shipwreck survival becomes a confrontation with humanity s deep past and the cyclical rise and ruin of worlds
