**The Keynesian System** David McCord Wright, 2011-10 *Uncovering the General Economic Logic of Price Systems*  
John P. Barrados Ph.D., 2013-05-28 This book establishes that there is a fault or inconsistency in the orthodox classical price system This suppresses in the system the general economic logic that should characterize all price systems This mars the orthodox classical system in various ways for example by bringing an incorrect form of Say s Law into the system that restricts it to long run states However the inconsistency in the orthodox classical system is resolved in the book through a revised classical system This gives the latter system a more general character than the orthodox form of the system This is reflected for example in the revised classical system being rid of the incorrect form of Say s Law that restricts the orthodox classical system to long run states
