Minorities and State-Building in the Middle East Paolo Maggiolini, Idir Ouahes, 2020-10-19 This book offers fresh insights to enhance and diversify our understanding of the modern history of the state and societies in today's Jordan while also providing examples of why and how scholars can challenge the static and discursively government minded approaches to minorities and minoritisation especially the traditional emphasis on demographic balances Despite its small size and initial appearance of homogeneity Jordan provides an excellent case of a dynamic relational historically contingent and fluid approach to ethnic political and religious minorities in the context of the imposition of a modern state system on complex and varied traditional societies The editors and contributors present dynamic and relational perspectives on the status of and historical processes involved in the creation and absorption of minority groups within Jordan

Peacemaking in the Middle East Paul Marantz, Janice Gross Stein, 2016-07-22 This book first published in 1985 examines the whole problem of peacemaking in the Arab Israel conflict It considers the different countries involved the changing positions they have adopted over time and the range of opinion within each country It looks at the role of the superpowers and shows how their vacillations and their viewing of the conflict in simple terms as part of the global superpower rivalry have been unfortunate It examines how a typical uncommitted medium power Canada can contribute to peace in very many ways though it may not achieve a breakthrough

The Palestinian People Baruch Kimmerling, Joel S. Migdal, 2003 In a timely reminder of how the past informs the present Baruch Kimmerling and Joel Migdal offer an authoritative account of the history of the Palestinian people from their modern origins to the Oslo peace process and beyond Palestinians struggled to create themselves as a people from the first revolt of the Arabs in Palestine in 1834 through the British Mandate to the impact of Zionism and the founding of Israel Their relationship with the Jewish people and the State of Israel has been fundamental in shaping that identity and today Palestinians find themselves again at a critical juncture In the 1990s cornerstones for peace were laid for eventual Palestinian Israeli coexistence including mutual acceptance the renunciation of violence as a permanent strategy and the establishment for the first time of Palestinian self government But the dawn of the twenty first century saw a reversion to unmitigated hatred and mutual demonization By mid 2002 the brutal violence of the Intifada had crippled Palestine's fledgling political institutions and threatened the fragile social cohesion painstakingly constructed after 1967 Kimmerling and Migdal unravel what went right and what went wrong in the Oslo peace process and what lessons we can draw about the
