Laoshi's Legacy: Emergence from Shadow Jan Kauskas, 2018-05-12 A few years ago I sought to record a few memories and observations gleaned on the way from beginner to senior student The result was Laoshi Tai Chi Teachers and Pursuit of Principle a semi-fictional memoir using the device of dialogue between student and teacher to examine the agony and elation of sincerely pursuing the art of taiji The

thirty seven chapters of Laoshi shone light on the various aspects of taiji and martial arts which occupied my thinking as I progressed along the Way Laoshi which translates as teacher in Mandarin was the main character of the book and though not a real person represented the best aspects of the many martial artists whose skills dedication and wisdom inspired me in my attempts to match their example As a wise and compassionate though sometimes irritable teacher Laoshi guides his student the narrator through many disappointments and false dawns until the student arrives if not at mastery then the fertile ground where mastery grows The present volume Laoshi s Legacy takes up where the previous account left off the student moves beyond his pre occupation with his own progress to explore the terrain occupied by the teacher The Way of the teacher we discover not only offers insight and reward aplenty but is every bit as confounding and often more treacherous than the path of the student With the example of my own teachers once again embodied in the character of Laoshi Legacy describes the challenges encountered in progressing beyond the role of student to survey the art from the viewpoint of teacher As in the previous volume Laoshi the teacher continues as guide and mentor advising the novice instructor confronted with the reality of teaching taiji in a modern world Like its predecessor Legacy relies heavily on allegory mirroring the paradoxical nature of life where truth is often hidden in myth and deception disguises itself as truth A touch of poetic licence may stretch the truth a little to accommodate the narrative but Legacy is a realistic portrayal of dilemmas faced while pursuing the Way of the teacher

READERS COMMENTS As the torch of teaching taijiquan is passed to the next generation of teachers the problems and questions that arise are discussed in Laoshi s Legacy by Jan Kauskas This book is filled with amusing anecdotes and lessons that Professor Cheng Man ch ing taught his students that still resonate today MARTIN INN co translator of The Essence of T ai Chi Ch uan The nutrient dense insights in each chapter will make you want to linger and digest and the unfolding human story will make you want to turn the page for the next exciting episode Readers may come for the taijiquan lessons and lineage lore but will stay for the life lessons and wisdom Literary flair and Scottish wit make it an instructive inspirational and irresistible read Those who read this book without tears laughter and lots of a ha moments are probably not ready for it DOUGLAS WILE author of Zheng Manqing s Uncollected Writings Laoshi s Legacy does not disappoint Kauskas sagely and engagingly counsels readers in vicarious fashion through the guise of conversations between himself and his teacher the sagacious Laoshi in the important nuances of taijiquan philosophy and technique often addressing with deft candor important real world issues not found in other popular books A must read for all taijiquan teachers and students

JOHN LOUPOS author of Tai Chi Connections Advancing Your Tai Chi Experience Jan Kauskas writes well and has meditated on the words he presents here His Laoshi answers all questions and offers stories anecdotes and spiritual knowledge in the Daoist tradition Readers will benefit from these words KENNETH VAN SICKLE author of Tai Chi Sword and Tai Chi Feather Sword DVD
