

THE FOUNDING FISH

JOHN MCPHEE

The Founding Fish

J Spring

The Founding Fish:

The Founding Fish John McPhee, 2003-09-10 John McPhee's twenty sixth book is a braid of personal history, natural history, and American history in descending order of volume. Each spring, American shad *Alosa sapidissima* leave the ocean in hundreds of thousands and run heroic distances upriver to spawn. McPhee, a shad fisherman himself, recounts the shad's cameo role in the lives of George Washington and Henry David Thoreau. He fishes with and visits the laboratories of famous ichthyologists; he takes instruction in the making of shad darts from a master of the art, and he cooks shad in a variety of ways delectably explained. At the end of the book, Mostly though, he goes fishing for shad in various North American rivers, and he fishes the same way he writes books: avidly and intensely. He wants to know everything about the fish, he's after its history, its habits, its place in the cosmos. Bill Pride, *The Denver Post*. His adventures in pursuit of shad, occasion the kind of writing expert and ardent at which he has no equal. *The American Shad* John McPhee, 2004-01-01 **Looking for a Story** Noel Rubinton, 2025-05-13 An annotated bibliography that documents the work of the longtime New Yorker writer, journalist, Pulitzer Prize winner, and Princeton professor John McPhee. **The Quest for the Golden Trout** Douglas M. Thompson, 2013-09-22 The angler's dream of fishing pristine waters in unspoiled country for sleek, healthy trout has turned fishing into a form of theater. It is a manufactured experience, much to the detriment of our rivers and streams. Americans' love of trout has reached a level of fervor that borders on the religious. Federal and state agencies, as well as nongovernmental lobbying groups, invest billions of dollars on river restoration projects and fish stocking programs. Yet their decisions are based on faulty logic and risk destroying species they are tasked with protecting. River ecosystems are modified with engineered structures to improve fishing; native species that compete with trout are eradicated, and nonnative, invasive game fish are indiscriminately introduced, genetically modified, and selectively bred to produce more appealing targets for anglers, including the freakishly contrived golden trout. *The Quest for the Golden Trout* is about looking at our nation's rivers with a more critical eye and asking more questions about both historic and current practices in fisheries management. [At the Glacier's Edge](#) Betsy McCully, 2024-05-17 Vast salt marshes, ancient grasslands, lush forests, pristine beaches and dunes, and copious inland waters all surrounded by a teeming sea. These are probably not the first things you imagine when you think of Long Island, but just beyond its highways and housing developments lies a stunning landscape full of diverse plant and animal life. Combining science writing, environmental history, and first-hand accounts from a longtime resident, *At the Glacier's Edge* offers a unique narrative, natural history of Long Island. Betsy McCully tells the story of how the island was formed at the end of the last ice age, how its habitats evolved, and how humans in the last few hundred years have radically altered and degraded its landscape. Yet as she personally recounts the habitat losses and species declines she has witnessed over the past few decades, she describes the vital efforts that environmental activists are making to restore and reclaim this land, from replanting salt marshes to preserving remaining grasslands and forests, to cleaning up the waters. *At the Glacier's Edge*

provides an in depth look at the flora fauna and geology that make Long Island so special *Bulletin of the United States Fish Commission* ,1883 *The Fish Culturist* ,1925 Canadian Journal of Fisheries and Aquatic Sciences ,2004

Transactions of the American Fish Culturists' Association American Fisheries Society,1875 **The Story Of-- Fish Street Church, Hull--** Charles Ewart Darwent,1899 *Magill's Literary Annual 2003* Salem Press,2003-06 *Magill's Literary Annual 2003* is the fiftieth publication in a series that began in 1954 The philosophy behind the annual has been to evaluate critically 200 major examples of serious literature published during the previous year Our focus is to provide coverage for works that are likely to be of particular interest to the general reader that reflect the publishing trends of a given year that add to careers of authors being taught and researched in literature programs and that will stand the test of time By filtering the thousands of books published each year down to two hundred notable titles the editors have provided the busy librarian with an excellent reader s advisory tool and patrons with fodder for book discussion groups and a guide for selection The essay reviews in the Annual also provide a more academic reference review of a work than is typically found in newspapers and other periodical sources This year s works are drawn from such categories as anthropology autobiography biography current affairs diaries economics environment essays history language literary criticism medicine memoirs nature philosophy poetry psychology religion science short fiction sociology technology travel and women s issues The articles are arranged alphabetically by book title A complete list of included titles can be found at the beginning of volume 1 Each 2 000 word article begins with a block of top matter that indicates the title author publisher and price of the work When possible the year of the author s birth is also provided The top matter also includes the number of pages of the book the type of work and when appropriate the time period and locale represented in the text Next comes a capsule description of the work When pertinent a list of principal characters or personages with brief descriptions introduces the review These original essay reviews analyze intent and relative success of the author and the work under discussion To assist the reader further the articles are supplemented by a list of additional reviews for further study Every essay includes a brief biography of the author or authors and thumbnail photographs of the book covers and authors are included as available At the end of volume 2 are four cumulative indexes listing works covered from the years 1977 to 2003 an index of Biographical Works by Subject a Category Index a Title Index and an Author Index The index of Biographical Works by Subject is arranged by subject rather than by author or title **Annual Reports of the Forest, Fish and Game Commissioner of the State of New York** New York (State). Forest, Fish and Game Commission,1900 **Bibliotheca piscatoria a catal. of books on angling, the fisheries and fish-culture, by T. Westwood & T. Satchell. [With] A list of books to supplement the Bibliotheca piscatoria** Thomas Westwood,1883 Marine Fish-farming for India James Hornell,1911 The Sacco-Vanzetti Case Newton Diehl Baker,Bartolomeo Vanzetti,1928 Sacco and Vanzetti were tried at Dedham in the Superior Court of Massachusetts for Norfolk County May 31 July 14 1921 for the murder of F A Parmenter and A Berardelli at South Braintree
