## **The Jinx:**

**The Secret Sign of the Lizard People** Kevin E. Buckley, 2020-09-03 When partners in crime reduction Jerry Leafy Green and Bill Beefy Goodness two of the LAPD's most skilled homicide detectives investigate the bizarre killing of a fashion model at the Hollywood Sign it soon becomes clear that this murder is part of a much larger conspiracy that threatens not only the people of America but the entire population of the planet As the case progresses they recruit the help of a Jesus lookalike ufologist a streetwise Goth graffiti artist a world renowned geneticist a super nerd cyber investigator and a fire and brimstone inner city reverend The detectives and their motley crew of improvised freedom fighters must work quickly to take down the tainted global elite and avert the merciless enslavement of humanity that looms large on the horizon **Spindle** W.R. Gingell, What is a maiden to do when her prince is not a prince her hair won't stop growing and someone has cursed her to sleep for 300 years In Polyhymnia's case it seems expedient to get up with the help of a kiss or two trailing her hair behind her and find out who did it Nothing quite works out as planned however Poly can't be sure if that's because she never seems to be able to remember things like the mysterious spindle that keeps showing up around her or if it's the fault of the wizard who woke her but never stops long enough to explain anything Poly is determined in two things One that she will find out who cursed her to sleep and meddled with her memories Two that she will absolutely not fall in love with the irritating wizard who seems to need to keep kissing her back into the real world Spindle is a fairytale retelling of Sleeping Beauty with a dash of Rapunzel If you love fairytales clean fantasy enchanters and magical villages not to mention Diana Wynne Jones Robin McKinley and Gail Carson Levine you'll probably love Spindle **Collier's**, 1913 **Justice on Demand** Tanya Horeck, 2019-11-11 Explores the proliferation of true crime audiovisual texts across multiple media platforms Justice on Demand True Crime in the Digital Streaming Era offers a theoretical rumination on the question asked in countless blogs and opinion pieces of the last decade Why are we so obsessed with true crime Author Tanya Horeck takes this question further Why is true crime thought to be such a good vehicle for the new modes of viewer listener engagement favored by online streaming and consumption in the twenty first century Examining a range of audiovisual true crime texts from podcasts such as Serial and My Favorite Murder to long form crime documentaries such as The Jinx and Making a Murderer Horeck considers the extent to which the true crime genre has come to epitomize participatory media culture where the listener viewer acts as a desktop detective or internet sleuth While Facebook and Twitter have reinvigorated the notion of the armchair detective Horeck questions the rhetoric of interactivity surrounding true crime formats and points to the precarity of justice in the social media era In a cultural moment in which user generated videos of real life violence surface with an alarming frequency Justice on Demand addresses what is at stake in the cultural investment in true crime as packaged mainstream entertainment Paying close attention to the gendered and racialized dimensions of true crime media Horeck examines objects that are not commonly considered true crime including the subgenre of closed circuit television CCTV

elevator assault videos and the popularity of trailers for true crime documentaries on YouTube By analyzing a range of intriguing case studies Horeck explores how the audience is affectively imagined addressed and commodified by contemporary true crime in an on demand mediascape As a fresh investigation of how contemporary variations of true crime raise significant ethical questions regarding what it means to watch listen and witness in a digital era of accessibility immediacy and instantaneity Justice on Demand will be of interest to film media and digital studies scholars
