Tourism Statistics:

The Geography of Tourism and Recreation Colin Michael Hall, Stephen Page, 2002 This book not only introduces studies and recent contributions to geographers expanding interest in how people spend their leisure time in space but seeks to illustrate how recreation and tourism phenomenon are seemingly separate and yet integrated aspects of the wider leisure phenomenon Each chapter offers a series of insights into how the geographer has approached the analysis of tourism and recreation Midwest Collection of Domestic Tourism Statistics World Tourism Organization, 1995 **Compendium of Tourism Statistics**, 2008 Program Report of the United States Travel Service United States Travel Service, 1979

ASA 2022 Data-Driven Decision Making Enrico di Bella, Luigi Fabbri, Corrado Lagazio, 2023-07-04 This volume collects the contributions presented at the conference Data driven Decision Making organized by the Italian Association for Applied Statistics held in Genoa from 12 to 14 September 2022 The papers cover a broad range of topics with a common thread the use of statistical methods to support decision making both in public administrations and in private companies **World Development Indicators 2011** World Bank, 2011 World Development Indicators WDI is the World Bank's annual compilation of data about development This statistical work allows readers to consult over 800 indicators for more than 150 economies and 14 country groups in more than 90 tables It provides a current overview of regional data and income group analysis in six thematic sections World View People Environment Economy States and Markets and Global Links This book presents current and accurate development data on both a national level and aggregated globally It allows readers to monitor the progress made toward meeting the Millennium Development Goals endorsed by the United Nations and its member countries the World Bank and a host of partner organizations These goals which focus on development and the elimination of poverty serve as the agenda for international development efforts The CD ROM contains time series data for more than 200 economies from 1960 2009 single year observations and spreadsheets on many topics It contains more than 1 000 country tables and the text from the WDI 2010 print edition The Windows based format permits users to search for and retrieve data in spreadsheet form create maps and charts and fully download them into other software programs for study or presentation purposes Economic Diversification in Africa Imogen Mogotsi, Ndateelela Namwoonde, 2023-08-29 Botswana is a major producer of the world's diamonds and has been a pacesetter for beneficiation in the country All mineral resources are finite Botswana is working towards diversifying the economy before the diamonds run out As one of the most stable and prosperous countries in Africa Botswana sets an example to follow This book gives a practical review of topical issues and the roles of government the private sector economic institutions and the international community in driving economic diversification It highlights challenges faced by many small open economies in Africa as they search for new engines of growth **Encyclopedia of Law and Economics** Alain Marciano, Giovanni Battista Ramello, 2026-01-29 This Encyclopedia offers a concise introduction to law and economics a thriving and continuously evolving field While other valuable resources

already provide numerous essays on specific topics this encyclopedia is original differing from and complementing existing encyclopedias and companions in four respects First to cover as many aspects and dimensions of law and economics as possible it includes a large number of relatively short chapters Second many of these chapters explore the boundaries between law and economics and related fields such as public choice institutional economics transaction cost economics and industrial economics Third the encyclopedia allocates space for historical and methodological chapters focusing on the founders of the field and on important scholars who directly or indirectly contributed to shaping law and economics as it is today This new edition aims to expand these distinctive features Its goal is to cover even more areas within law and economics particularly by addressing issues raised by big data and new technologies to deepen the interdisciplinary dimension of the field and to include additional historical and methodological chapters The second edition includes 150 additional entries compared to the first edition with most of the existing chapters updated This results in a broader and more up to date coverage of law and economics
