Tracy Chapmanew Beginning:

Tracy Chapman ,1995 **Renewing the Balance** Dirk Dunbar,2017-03-31 In *Renewing the Balance* Dirk Dunbar shows how the balance worshipped in ancient Earth wisdom traditions is being integrated into Western culture's dominantly masculine rational value system Filled with hope revelations regarding cultural evolution and scholarship of the highest order Dunbar's book passionately challenges all of us to recover the archaic reverence for the natural world to reconsider the limits of growth progress and mechanistic thinking and to join in the newly reclaimed celebration of life that fosters peace and the potential for a sustainable future Dirk Dunbar's *Renewing the Balance* is a crucial and comprehensive account of how traditional cultures maintained a healthy balance that preserved our natural world and how our modern technocratic economic ideology has produced a culture that is dangerously out of balance It is at once a diagnosis of our dis ease and a prescription for healing our collective psyche polis and environment A truly fascinating philosophical adventure Sam Keen Author of 12 books including *The Passionate Life* and *Hymns to an Unknown God* *Renewing the Balance* brings depth and breadth to our efforts to understand how Western culture evolved as it did and to appreciate the many streams that now flow into our efforts to manifest ecological wisdom in a hypermodern world Charlene Spretnak Author of 9 books including *States of Grace* and *The Resurgence of the Real* **This Land Is Your Land** RD Moore,2023-06-10 This land was made for you and me This is the emphatic refrain of Woody Guthrie's iconic anthem a profound rendering of one of our nation's most sacred truths Yet for far too many and for far too long this hasn't felt like a land made for them or one that even wants them And that's just not sustainable *This Land Is Your Land* TLIYL is a telling of our social story through the lens of the American people how we became who we are and who we're in the process of becoming It's about the systems we built both generative and degenerative from democracy and equality to slavery and social supremacy and how everything about us is changing Right this minute we're in the midst of the greatest sociological shift in U S history one where in every way we currently measure we'll soon be a post majority nation By 2045 incumbent majorities from racial whiteness to Christianization to heteronormativity will all be downgraded to minority status This Time of Turmoil one where everything's shifting is why we're experiencing so much unrest and instability from rising poverty to increasingly caustic elections to diminishing human regard But it's also why getting this right has never been more important or mattered more A combination of personal vignettes and cultural analysis TLIYL covers 300 years of shared history one that's been shaped by nearly 550 million lives lived and explores how together we move forward It's a story with three parts Part One How the American Race Construct ARC and other toxic frameworks impaired us Part Two How the Degenerative Cycle DGC and other predatory processes imperiled us Part Two and Part Three How through personal practices like the Four Actions each of us can help us become a society that embraces all of us Today we find ourselves in a bit of a tough place But instead of an ending this shift we're undergoing might actually be a beginning a chance to both make our founding dreams real and gift the future a future And in

doing so we transform ourselves into a new land one as Woody sang made for you and me **Solidarity** ,1996 Billboard
