**Country Experiences in Economic Development, Management and Entrepreneurship** Mehmet Huseyin Bilgin, Hakan Danis, Ender Demir, Ugur Can, 2016-11-09 This volume brings together selected papers from the 17th EBES Conference organized in Venice in winter 2015. The theoretical and empirical papers present the latest research in diverse areas of business economics and finance from many different regions. They chiefly focus on the interactions between economic development, entrepreneurship, and financial institutions, especially putting the spotlight on cross-country evidence. Topics range from women's entrepreneurship and economic regulation to sustainability and climate change. This book provides researchers, professionals, and students a great opportunity to catch up on the latest studies in different fields and empirical findings on many countries and regions.

**Quantitative and Applied Research Methodology in Economics** Niranjana Devkota, Sushanta Kumar Mahapatra, 2025-06-06 This book is an illustrative and comprehensive guide designed to help readers understand and navigate the complex world of academic writing and research in economics. Written by experienced researchers, this book offers theoretical and practical insights into the research process. It provides an understanding of the foundations of the research process, like research design, methodology, problem definition, data collection, and analysis, among others. The authors also share insights into the process of preparing, proofreading, and publishing academic papers. With their experience in the field of academic research, in this book, they provide practical examples and step-by-step guidance to assist in research-related issues. The section on how to prepare and publish academic papers is a must-read for students and early-career researchers, as it offers valuable guidance on how to succeed in the highly competitive world of academic publishing. With its clear and concise writing, this book will be an indispensable resource for undergraduate and postgraduate economics students, teachers, independent readers, and early-career researchers, as well as those seeking a deeper understanding of research methodology in economics.
