Studies In Literature:

The Quality of Literature Willie van Peer,2008 Evaluation is central to literary studies and has led to an impressive list of publications on the status and history of the canon Yet it is remarkable how little attention has been given to the role of textual properties in evaluative processes Most of the chapters in The Quality of Literature redress this issue by dealing with texts or genres ranging from classical antiquity via Renaissance to twentieth century They provide a rich textual and historical panorama of how critical debate over literary quality has influenced our modes of thinking and feeling about literature and how they continue to shape the current literary landscape Four theoretical chapters reflect on the general state of literary evaluation while the introduction weaves the different threads together aiming at further conceptual clarification This book thus contributes to a deeper understanding of the problems that are at the heart of past and present debates over literary quality *Short Studies in Literature (Classic Reprint)* Hamilton Wright Mabie,2015-07-07 Excerpt from Short Studies in Literature That these brief chapters may prove helpful to readers of books who desire to become students of literature is the hope which the writer ventures to cherish in the face of defects more obvious to him than to the most unsympathetic critic These studies are not critical but interpretative they are neither exhaustive nor inclusive they are mainly hints and suggestions Each chapter might be elaborated into a volume If they serve to indicate the leading lines of literary development the fundamental divisions and distinctions the deep and vital tendencies they will accomplish the end for which they were written That they represent deep convictions concerning the significance of literature rather than a purely critical attitude will be apparent to the most indifferent reader About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www forgottenbooks com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **The Manipulation of Literature (Routledge Revivals)** Theo Hermans,2014-08-07 First published in 1985 the essays in this edited collection offer a representative sample of the descriptive and systematic approach to the study of literary translation The book is a reflection of the theoretical thinking and practical research carried out by an international group of scholars who share a common standpoint They argue the need for a rigorous scientific approach the phenomena of translation one of the most significant branches of Comparative Literature and regard it as essential to link the study of particular translated texts with a broader methodological position Considering both broadly theoretical topics and particular cases and traditions this volume will appeal to a wide range of students and scholars across disciplines **New Studies in Literature** Edward Dowden,1895 New Studies in Literature Edward Dowden,2012-08 Unlike some other reproductions of classic texts 1 We

have not used OCR Optical Character Recognition as this leads to bad quality books with introduced typos 2 In books where there are images such as portraits maps sketches etc We have endeavoured to keep the quality of these images so they represent accurately the original artefact Although occasionally there may be certain imperfections with these old texts we feel they deserve to be made available for future generations to enjoy **The Cambridge History of English Literature** Sir Adolphus William Ward,Alfred Rayney Waller,1916 **Studies in Literature** Cambridge University Press,2003-03 **The Handbook to Literary Research** Delia da Sousa Correa,W.
