Study Guide to Accompany Bedeian, "Management" Sally A. Coltrin, Lawrence R. Jauch, Arthur G. Bedeian, 1993

**Subject Guide to Books in Print**, 2001 *Management Laureates* Arthur G. Bedeian, 2018-04-17 First published in 1998 This volume compiles the autobiographies of the management discipline's most distinguished laureates. Prior to this publication, the available management literature provided little insight into the personal and intellectual lives, the frustrations, as well as the triumphs of the individuals in the management discipline. Although such understanding could be conveyed in many forms, perhaps the most intimate and fascinating of these for gaining behind-the-scenes insights is the autobiography. Thus, the autobiographies in this volume, as in the five companion volumes, offer the reader not only a glimpse of the subjective determinants and personal experiences of the management discipline's most distinguished laureates, but also a deeper understanding of what management is and what it is becoming. The various accounts reflect a diversity of approaches, interests, and experiences.

There's a revolution going on in the workplace. Knowledge is replacing infrastructure. Self-leadership is replacing direct supervision. Networks are replacing hierarchies. Virtual teams are replacing committees. Companies are looking for employees with emotional intelligence, not just technical smarts. Globalization has become the mantra of corporate survival. Co-workers aren't just down the hall; they're at the other end of an Internet connection. Canadian Organizational Behaviour COB is written with this revolution in mind.
