**A Multifaceted Jewel:**

**Studies On The Local Church** Boon-Sing Poh,2020-05-11 This book explains in short chapters the various facets of the life of a biblical church It is particularly suitable for pioneering situations in which believers are being prepared for covenanting together as churches The new as well as the older believers will be helped to have a clearer understanding of the local church Ignorance of the privileges responsibilities and liabilities of church membership is a cause of many churches remaining weak The quality is more important than the number of the churches we plant It is hoped that this book will be appreciated by more churches both in pioneering as well as the more established situations

Beyond the Academy

David Thang Moe,2024-10-11 The term public theology was

introduced by Martin E Marty in a 1974 article Since then scholarly discussions on public theology have become more

popular in academic circles This book however is about the invitation for moving beyond the academy It provides two reasons

for doing so First an overtly academic public theology is in crisis today Although public theology may be flourishing in the academy its relevance for real life is limited Second there is the ecclesial flourishing among grassroots Christian

communities across Asia who witness to their lived faith in public and hidden life Their voices are largely unheard due to the

gaps between the academy and the church This volume argues that we should consider their voices as key sources for developing a relevant lived Asian public theology The author makes the case for reimagining the paradigm shifts in lived Asian public theology of religions and for bridging the unhappy gaps between the academic and grassroots voices
