## **The Go Go Years:**

*The Go-Go Years* John Brooks, 1999-09-20 The Go Go Years The Go Go Years is not to be read in the usual manner of Wall Street classics You do not read this book to see our present situation reenacted in the past with only the names changed You read it because it is a wonderful description of the way things were in a different time and place From the Foreword by Michael Lewis The Go Go Years is the harrowing and humorous story of the growth stocks of the 1960s and how their meteoric rise caused a multitude of small investors to thrive until the devastating market crashes in the 1970s It was a time when greed drove the market and fast money was being made and lost as the go go stocks surged and plunged Included are the stories of such high profile personalities as H Ross Perot who lost 450 million in one day Saul Steinberg s attempt to take over Chemical Bank and the fall of America s Last Gatsby Eddie Gilbert Praise for The Go Go Years Those for whom the stock market is mostly a spectator sport will relish the book s verve color and memorable one liners New York Review of Books Please don t take The Go Go Years too much for granted as effortlessly as it seems to fly it is nonetheless an unusually complex and thoughtful work of social history New York Times Brooks s great contribution is his synthesis of all the elements that made the 1960s the most volatile in Wall Street history and making so much material easily digestible for the uninitiated Publishers Weekly Brooks is about the only writer around who combines a thorough knowledge of finance with the ability to perceive behind the dance of numbers high pure moral melodrama on the themes of possession domination and belonging Time
