The Oxford Handbook of Dance and Theater Nadine George-Graves, 2015 This handbook brings together genres aesthetics cultural practices and historical movements that provide insight into humanist concerns at the crossroads of dance and theatre broadening the horizons of scholarship in the performing arts and moving the fields closer together *Fur Trade Review Weekly*, 1925 [Choreographing Difference](#) Ann Cooper Albright, 2010-06-01 The choreographies of Bill T Jones Cleveland Ballet Dancing Wheels Zab Maboungou David Dorfman Marie Chouinard Jawole Willa Jo Zollar and others have helped establish dance as a crucial discourse of the 90s These dancers Ann Cooper Albright argues are asking the audience to see the body as a source of cultural identity a physical presence that moves with and through its gendered racial and social meanings Through her articulate and nuanced analysis of contemporary choreography Albright shows how the dancing body shifts conventions of representation and provides a critical example of the dialectical relationship between cultures and the bodies that inhabit them As a dancer feminist and philosopher Albright turns to the material experience of bodies not just the body as a figure or metaphor to understand how cultural representation becomes embedded in the body In arguing for the intelligence of bodies *Choreographing Difference* is itself a testimonial giving voice to some important political moral and artistic questions of our time Ebook Edition Note All images have been redacted **Spectacle**, 2006
