Torture With Impunity:

Torture and Impunity Alfred W. McCoy, 2012-08-24 Many Americans have condemned the enhanced interrogation techniques used in the War on Terror as a transgression of human rights But the United States has done almost nothing to prosecute past abuses or prevent future violations Tracing this knotty contradiction from the 1950s to the present historian Alfred W McCoy probes the political and cultural dynamics that have made impunity for torture a bipartisan policy of the U S government During the Cold War McCoy argues the U S Central Intelligence Agency covertly funded psychological experiments designed to weaken a subject s resistance to interrogation After the 9 11 terrorist attacks the CIA revived these harsh methods while U S media was flooded with seductive images that normalized torture for many Americans Ten years later the U S had failed to punish the perpetrators or the powerful who commanded them and continued to exploit intelligence extracted under torture by surrogates from Somalia to Afghanistan Although Washington has publicly distanced itself from torture disturbing images from the prisons at Abu Ghraib and Guantanamo are seared into human memory doing lasting damage to America s moral authority as a world leader **Mexico** Amnesty International, 1991 **Mexico** Amnesty International USA., 1991 *Torture and Impunity* Malik Özden, Carol Mottet, Association pour la prévention de la torture (Genève), 1995 **Just Design** Christopher Simmons, 2011-12-09 For many doing good work that also does good in the world is part of the ethos of design practice Just Design celebrates and explores this increasingly critical aspect of design by showcasing a diverse collection of inspiring projects people and causes Look inside to explore more than 140 exceptional design solutions from many of the world s leading designers and discover new work from emerging voices Dig deeper by reading the story behind every included project including 10 expanded case studies Gain new perspective with thoughtful essays by Alissa Walker Kate Andrews Aaris Sherin Alice Bybee Cinthia Wen and Brian Collins Energize your creative spirit with inspirational profiles and interviews with designers such as Emily Pilloton Michael Osborne and Randy J Hunt and unique perspectives from Kalle Lasn Brian Dougherty and Ric Grefe What People Are Saying About Just Design Just Design is the first book to offer a thoughtful comprehensive and inspiring look at what happens when designers use their knowledge resources and ability to create work that is concerned with positive change over cashing a check The sample projects interviews and contributing stories provide a contagious energy motivation and optimism that is hard to find in any other design book Armin Vit Co founder UnderConsideration Christopher Simmons brilliant new book showcases the worldwide world class work designers are doing to convey what is good and important for everyone everywhere Just Design is proof positive that design and designers can change the world one design at a time Debbie Millman President Sterling Brands Past President AIGA Through deft curation and succinct exacting project descriptions Christopher Simmons and his guests provide a compelling set of work that confirms the critical and unique power of social design and its practitioners Allan Chochinov Partner Core77 Chair SVA MFA Products of Design Just Design is the kind of book that makes you proud to be a
