Toward An Authentic Church:

A New And Right Spirit Rick Barger,2005-03-01 In a postmodern culture shaped by consumerism it s little wonder that there is confusion about what the church is supposed to be in the 21st century In A New and Right Spirit Rick Barger argues passionately for congregations to reexamine what it means to be an authentic church in a culture where authenticity is hard to come by He demonstrates the pitfalls of technical solutions to congregational problems and shows the way to making adaptive change Recognizing the spiritual needs of a success oriented society he exhorts leaders to turn away from the story of our culture and to return to the story of the church that is grounded in Christ and the resurrection

Authentic Church Vaughan Roberts,2011-11-19 The church today faces challenges on every front Christians are captivated by consumerism seduced by celebrity distracted by technology and overwhelmed by media Religious and secular rivals are increasingly prominent vying for our allegiance and worship What does authentic Christian spirituality look like in such an era Vaughan Roberts finds direction for today s church in Paul s prophetic letter of 1 Corinthians Ancient Corinth was a similarly confusing cultural landscape and the Corinthian church likewise struggled to remain true to Christ in a world of many idols Paul s vision is clear Christians must choose certain things and not others We must focus on the cross of Christ not on human wisdom Our leaders should be faithful not flashy And in contrast to lives of moral permissiveness we must live lives of holiness and love Following the way of Christ may look like foolishness to the world but therein is the path of true wisdom With a Bible study in each chapter this book will help you choose the true spirituality of the gospel of Christ and become the authentic church God intends you to be

Model of the Authentic Church may be one of the most significant books written on the American church in decades It not only offers a scholarly analysis of the current state of the church but provides practical solutions The book offers a brilliantly well developed model for how to make church work more effectively If implemented it would provide a much needed paradigm shift in how we do church in America The book s main contribution is that it provides a workable framework not only on how to birth new missionally minded churches but how to reform existing ones back to the Authentic Church of the gospels If its principles are taken and applied the book could alter the landscape of the American church which will be a breath of fresh theological air to a church that has lost its way in the new millennium The purpose of this book is not to just challenge and change the status quo its goal is to bring a real lasting transformation to how we do church The aspiration in writing this book is for it to be seen and read not just as a critical assessment of the condition of the American church but as a practical blueprint that will provide much renewed hope and purpose to the contemporary American church the bride of Christ
