Doc Holliday in Film and Literature Shirley Ayn Linder,2014-01-23 The legend of Doc Holliday is now well past a century old While his time on earth was brief troubled and filled with pain his legend took wings and flew Beginning with his part in the now famous gunfight at the O K Corral Denver newspapers first told his story in the late 19th century They followed by words of Wyatt Earp grasped the glimmer of his tale So enamored was the public that by 1939 he was a literary icon and his character had appeared in eight films Historians authors screenwriters and eventually television refined the legend which reached its apex perhaps with the 1993 film *Tombstone* Doc Holliday s image has neither dimmed nor wavered in the 21st century Broadway country music and art join with literature and film to continue his mystique as the personification of a surviving legend of the U S West **Bowker's Guide to Characters in Fiction 2007** ,2008-02 *The Cumulative Book Index* ,1998 A world list of books in the English language **Vendetta** Honoré de Balzac,2021-01-28 Servin one of our most distinguished artists was the first to conceive of the idea of opening a studio for young girls who wished to take lessons in painting About forty years of age a man of the purest morals entirely given up to his art he had married from inclination the

dowerless daughter of a general At first the mothers of his pupils bought their daughters themselves to the studio then they were satisfied to send them alone after knowing the master's principles and the pains he took to deserve their confidence It was the artist's intention to take no pupils but young ladies belonging to rich families of good position in order to meet with no complaints as to the composition of his classes He even refused to take girls who wished to become artists for to them he would have been obliged to give certain instructions without which no talent could advance in the profession Little by little his prudence and the ability with which he initiated his pupils into his art the certainty each mother felt that her daughter was in company with none but well bred young girls and the fact of the artist's marriage gave him an excellent reputation as a teacher in society When a young girl wished to learn to draw and her mother asked advice of her friends the answer was invariably Send her to Servin's Servin became therefore for feminine art a specialty like Herbault for bonnets Leroy for gowns and Chevet for eatables It was recognized that a young woman who had taken lessons from Servin was capable of judging the paintings of the Musee conclusively of making a striking portrait copying an ancient master or painting a genre picture The artist thus sufficed for the educational needs of the aristocracy But in spite of these relations with the best families in Paris he was independent and patriotic and he maintained among them that easy brilliant half ironical tone and that freedom of judgment which characterize painters He had carried his scrupulous precaution into the arrangements of the locality where his pupils studied The entrance to the attic above his apartments was walled up To reach this retreat as sacred as a harem it was necessary to go up a small spiral staircase made within his own rooms The studio occupying nearly the whole attic floor under the roof presented to the eye those vast proportions which surprise inquirers when after attaining sixty feet above the ground floor they expect to find an artist squeezed into a gutter

Want List, 1948 *Vendetta! a Story of One Forgotten* Ralph Waldo Emerson, 2018-08-13 *Vendetta A Story of One Forgotten* Large print by Ralph Waldo Emerson Emerson's essays are as it were printed sermons all having this same text The wealth and harmony of his language overpowered and entranced me anew But even now I cannot say wherein the secret of his influence lies What he has written is like life itself the unbroken thread ever lengthened through the addition of the small events which make up each day's experience We are delighted to publish this classic book as part of our extensive Classic Library collection Many of the books in our collection have been out of print for decades and therefore have not been accessible to the general public The aim of our publishing program is to facilitate rapid access to this vast reservoir of literature and our view is that this is a significant

Vendetta Honore de Balzac,2020-09-28 In the year 1800 toward the close of October a foreigner accompanied by a woman and a little girl was standing for a long time in front of the palace of the Tuileries near the ruins of a house recently pulled down at the point where in our day the wing begins which was intended to unite the chateau of Catherine de Medici with the Louvre of the Valois The man stood there with folded arms and a bowed head which he sometimes raised to look alternately at the consular palace and at his wife who was sitting near him on a stone Though the woman seemed wholly occupied with the little girl of nine or ten years of age whose long black hair she amused herself by handling she lost not a single glance of those her companion cast on her Some sentiment other than love united these two beings and inspired with mutual anxiety their movements and their thoughts Misery is perhaps the most powerful of all ties The stranger had one of those broad serious heads covered with thick hair which we see so frequently in the pictures of the Caracci The jet black of the hair was streaked with white Though noble and proud his features had a hardness which spoiled them In spite of his evident strength and his straight erect figure he looked to be over sixty years of age His dilapidated clothes were those of a foreign country Though the faded and once beautiful face of the wife betrayed the deepest sadness she forced herself to smile assuming a calm countenance whenever her husband looked at her
