Robert Hicks,2024-08-26 Breaking things is easy Rebuilding things is much more difficult Once you have deconstructed from

toxic religious beliefs what is next Moving from being religious to a rich life of spirituality is easier said than done The temptation for many people who deconstruct from an unhealthy form of dogmatic fundamentalism is to adopt a new form of non religious dogmatic fundamentalism that is just as toxic Religious deconstruction is not a linear process We won t one day arrive and figure it all out There is no end to the deconstructing and reconstructing cycle In this book Dana Robert Hicks outlines a cyclical model of continuous deconstruction and reconstruction The model helps facilitate the deepest longings of the human heart the experiences of awe wonder and transcendence
