HINDLE,2025-02-04 The Cold Ones by Christopher Hindle Edited by Jamie Smith Short Story Genre Horror Suspense Thriller Amy has spent years fighting for recognition in the medical field pushing through grueling studies and dismissive superiors who refuse to take her seriously Desperate to prove herself she takes on extra shifts studies late into the night and exhausts every opportunity to make a name for herself But her relentless ambition is met with constant rejection until one night changes everything Returning home from another exhausting shift Amy stumbles upon a man lurking in the shadows of her apartment building s underground car park He appears hungry vulnerable and afraid Despite every rational instinct telling her to walk away her compassion as a doctor in training takes over She brings him into her home determined to help But as she tends to him unsettling questions arise His presence feels almost hypnotic And there s something in his eyes something ancient something hungry As the lines between right and wrong blur Amy must face the ultimate question What does it truly mean to be human *The Book* Tom M. Tango,Mitchel G. Lichtman,Andrew E. **THE GREAT WALL OF POPAT** Melisa Mel, 2013-07-31 At a time when most women my age are planning for retirement and maybe taking up hobbies that are a little less aggressive I decided to go into law enforcement Okay so doing what is expected of me is not my pattern of life I enjoy adventures and the more impossible that they seem the harder I will tackle them Basically it boiled down to the fact that years before I had missed my window of opportunity to join the military I had been a military brat and so joining the service would have been my wish but I had been a young mother and had to start work at a young age I would never change the life I had with my four wonderful children However now I was 42 years old and they were all grown up I had just found out through a turn of events that there was no age limit for joining the police department As long as one could keep up with the physical and academic requirements then they were welcome to join Additionally I had felt that I was living on borrowed time since I was 15 years old when I'd come as close to facing the vulnerability of being human as one can do without passing over to the non-living side Soon after surviving I had to face my own decision of moving on or finishing myself off I made a choice and it was to live and to be happy I wanted my days to count I wanted to serve others who had gone through similar experiences I wanted to lead a life with my head up At the time that I applied for the academy I was a special education teacher working with young adults who had aggressive and severe disabilities I was running an after school Gay Straight Alliance diversity club and was a mentor to many students I had devoted all my life to children and youth I had been a troubled child for a variety of reasons I knew the pains that could come with childhood many pains to which children should never have to be exposed I had always felt that I had to give back and try to be there for kids and others who could not speak up for themselves Doing this was a priority to me In addition to my full-time teaching job with my school district I was volunteering in a couple of capacities with the local Police department I had first become a Victim Services Volunteer with them Victim Services Volunteers are called at any time of day or night to go out and provide assistance to those who have been victimized in some way I never knew to what kind of call I would be going It could be anything from a family member who had woken up to find their loved one had died

during the night a parent whose young adult child had overdosed on drugs or a family whose home had burnt down Regardless of the situation the victim or victims needed support and resources As a supplement to our 32 hour training it was suggested that we do ride alongs I had never heard of a ride along A ride along is literally when you ride along with an officer to get a taste of what it is like to be out on patrol You have to sign a waiver indicating that you understand that there is a certain amount of danger involved but that you do not hold the police department responsible For a mix of reasons I was rather nervous about riding along in a police car with an officer What made me most uncomfortable was the thought that I would have to sit in close proximity with a stranger I did not even know if we could talk as I did not know if it was allowed I feared it might distract the officers from their duties Ever so much into training and wanting to learn all that I could about my new position I scheduled a ride along I figured that just like with everything else in life I would get the hang of it once I was there I am very straightforward and like things to be clearly understood I would have no problem simply asking the officer what was and was not ok The officer with whom I was assigned to ride along with was Officer Gabriel I started out our ride a Shiver on the Sky David Haywood Young,2015-11-10 Owen Tremaine is in more trouble than he ever imagined 28 years old the founder of a software company in Corpus Christi Texas he thought work related burnout was a major crisis After walking away from his company he spent a year trying to reinvent himself as a private investigator living on a houseboat Which he realizes is a fantasy that is not really working out but he doesn't want to admit that to anybody yet Maybe a few more months will turn the tide But then on a lazy summer afternoon a good friend gets killed on Owen's houseboat and Owen finds his body The police think Owen's girlfriend may be involved She's missing and so is Owen's former business partner Who judging from the blood left on his floor may also be dead Then there's the kidnapping of a local child And it turns out that not everybody involved is strictly speaking human Which Owen also never saw coming Magic Really Owen's new skills get a workout Now he's dealing with what used to be his own cutting edge software development company a police detective who takes a personal interest some downsides of recent anti terror legislation and a surprising discovery about local Native American history You know the magic thing Turns out extinction is more complicated than it first appears But hey Owen's still got friends Too bad he doesn't know as much about them as he thinks he does The Cold Ones Paul Kruger,R.
