Enos is a biblical character Enos is the grandson of Adam In different bibles this name is spelled Enos Enoch and Enosh It is said that Enos was the first human being to reach up to the heavens to pray to God for guidance Enos as far as science is concerned would be the first early on human being that paused one day suddenly to speak to God in the sky This is so because somewhere in our past there would have to be a first person to do something like this My book ENOS is my own prayerful quest to know the whole truth about humanity at long last I do have it here I believe I do because I asked for some guidance from God as did Enos I started writing my book in 1983 and it is based on a stark experience I had when I encountered some amazing wisdom in 1969 This experience made me want to know more about God in life My quest is based on a book I read that a young woman named Buffy put together in 1969 which had the wisest words I have ever encountered Buffy had what she called a report She had a report that claimed to contain the real truth about humanity in the universe My book Enos is a similar phenomenal report about humanity and much more My book is much the same as Buffys report because it is a recreation of what I saw in her report that indeed some Aliens did come to the earth in 1969 to create a new bible for our world There is a conversation that goes on for about 400 pages of my writing In this way a new body of wisdom is born My writing is about 700 pages in total My book is not about my view of the universe revealing Gods might to us My book is more like a prayerful quest because I am asking God in the universe for answers I know that I have the same basic

wisdom contained in Buffy's book. My writing contains hundreds of new finding sentences. We know these as long standing wise sayings like "He Who Lives by the Sword Will Die by the Sword." A few years after I met Buffy from the day when she told me that some wise Aliens had abducted her and her friends I ran into Buffy again. When I questioned her she said her report from those days was junk. She said "You know how we were in those days George?" Her report wasn't junk to me and I had to have it back. Buffy didn't even know where her original report book was. On this very occasion I made a vow to God and I started getting finding sentences immediately. These are transcribed all throughout my writing. God always wins. In ENOS we learn that humanity is a part of God and part of some advanced Alien life form intelligence that came to the earth about 200 000 years ago. I am talking about the giants we read about in our basic Christian Bible in Genesis. This situation of a foreign intelligence cannot last long and when it is over only a Godly being will remain that suits this earth perfectly for a very long time. This foreign intelligence is humanity. Enos is about God in the universe. Enos teaches us how to live freely for a million years. Enos is a new American style mindset. American lingo about the wisdom that all natural creatures have known through the eons. The Aliens themselves in Enos are an amazing perfectly natural life form that has survived a long time in evolution to become who they are now who they want to be. My book has to be known as a religion. This bold statement goes along with the process by which I have been able to write this book out at all. Enos is also an overly long diatribe of rhetorical writing that many will not like and some will be completely enthralled by. It can also be looked upon as being a book of poetry. Enos has about 50 poems in it a few long poems and many short ones and many passages that are poetic like "The Aliens in my report say that this entire writing is a prolonged poem."

Acting on the Absurd Gary L. Carver, 2001. Packed full of stories about the human condition this book of insightful sermons based largely on texts from Paul's letter to the Romans will be invaluable to preachers, teachers and laypersons. Readers will serendipitously find marvelous results when one acts in faith on the absurd notion that God loves us unconditionally. These messages from an outstanding preacher demonstrate that when we follow the example of Paul and faithfully try to become what God created us to be wonderful things begin to happen. Gary Carver moves beyond those who find Paul's words to be complex and rigid. He gives to us examples in which Paul's timeless and deep theological concepts are used to address the struggles of contemporary Christians sensitively. From teenage athletes to contacts in Alcoholics Anonymous to couples struggling with marriage and a host of other human experiences Carver profoundly recalls experiences that illustrate Paul's insistence that one can experience a changed life in Christ. From the Foreword Harold C Warlick Jr Professor of Religion and Minister to the University High Point University. With a scholarly understanding of the Pauline writings Gary Carver uses his masterful skills as a storyteller to bring the biblical accounts to life. His treatment of each passage is brought to a climax with probing ethical insight and deeply moving personal application. Both laypersons and preachers will benefit greatly from a reading of these prophetic sermons laced with marvelous illustrations. Thomas H Graves
