The Magna Charta:

The Magna Charta Barons and Their American Descendants Charles Henry Browning, 1969 This is a standard work on Americans claiming lineal descent from the Magna Charta Barons The pedigrees referred to in the sub title of the book pertain to the founders and members of the Order of Runnemede at the time the book was originally published 1898 The main body of the work the pedigrees of the founders is preceded by a history of the Magna Charta of 1215 by lists of the Magna Charta Barons and by biographies of the Sureties the twenty five barons designated to enforce the Magna Charta

The Magna Carta Roberta Baxter, 2013 Discusses the Magna Carta which despite being a British document majorly influenced the United States Constitution

The Magna Charta Sureties, 1215 Frederick Lewis Weis, William R. Beall, 1999 At the signing of the Magna Charta twenty five men representing the barons signed as sureties of the baronial performance in effect pledging the barons to fulfill their obligations to the Crown in accordance with the terms of the Great Charter Of these twenty five sureties only seventeen have identified descendants Each of the seventeen is represented in the celebrated Magna Charta Sureties which traces their connections line by line and generation by generation to approximately 160 American colonists Eight years have passed since the publication of the last edition of this work however and in the interval a great many additions corrections and revisions have accumulated Brought to a very high standard by the unremitting efforts of its editor Walter Lee Sheppard Jr this fifth edition incorporates new lines corrects errors in existing lines adds recently discovered material and supplies references where they had previously been omitted The result is a reliable and authoritative collection of interlocking pedigrees which carry the ancestry of some 160 American colonists back to the thirteenth century With the possible exception of Weis s *Ancestral Roots* also published by Genealogical Publishing Co this is probably the very best work ever written on the pre colonial ancestry of American colonists
