**United States. Congress**

## **Soviet Multinational State:**

The Soviet Multinational State Martha Brill Olcott, Lubomyr Hajda, Anthony Olcott, 2019-07-26 The Soviet Union is a multinational state with about half of the country's population being ethnically Russian. The advent of glasnost and moves toward democratization and decentralization has unleashed the expression of national sentiments and interests in the USSR. This collection of Soviet materials surveys the many ramifications of the nationality question in the USSR in the 1980s. The topics covered include ideology, state organization, party recruitment, inter-republican economic relations, demographic factors, education, bilingualism, cultural institutions, religious traditions, military service, and disputes over republican prerogatives in the Baltic and over territory, the case of Nagorno Karabakh. Each topical section includes a detailed introduction by the editor. This anthology provides coverage of the past decade up to and including the current unrest and the impact of the Gorbachev reforms.

**The Essential Speeches of the Cold War** Sean Brennan, 2024-09-24 This book is a primary source collection of 30 speeches of the Cold War from 1917 to 1991 representing a cross section of leaders on all sides of the conflict from North America, the Caribbean, Europe, and Asia. As ideological conflict between superpowers returns to the world, it is more essential than ever to understand the superpower conflict which dominated the second half of the previous century. The Cold War was fought with rhetoric and propaganda as much as economic or military strength. *The Essential Speeches of the Cold War* explores all stages of the Cold War from its origins after the Russian Revolution to its conclusion with the collapse of the Soviet Union seven decades later, offering a clear understanding of its history and turning points as told through its public diplomacy. Each speech has a historical introduction written by the author as well as extensive historical footnotes discussing its significance and historical context. This useful guide to how the rhetoric used during the Cold War helped shape our modern world will be a valuable resource for undergraduate and graduate scholars of the conflict as well as for students of modern political rhetoric in international relations.

Pavlovich Kim,1974      International Social Science Journal ,1973      *Gorbachev and His Reforms, 1985-1990* Richard  
Sakwa,1991 This study looks at the scope and significance of the reforms in the Soviet Union under the leadership of Mikhail  
Gorbachev since his election as General Secretary of the Communist Party in March 1985 Based on a range of readings from  
Soviet and Western sources the book deals with a number of aspects of reform in the USSR under Gorbachev s leadership  
spanning question of leadership politics and ideological changes the perestroika of the economy and the new thinking in  
foreign policy
