Worlds Between Leonore Davidoff,2013-05-29 This book presents a series of pioneering studies which together constitute a reappraisal of our understanding of the relationship between gender and history

Worlds Between Carl Nordgren,2015-11-06 In *Worlds Between* book two of the River of Lakes series readers are immersed in the idyllic setting of the fishing camp Maureen and Brian have built with Joe Loon's clan along the English River. The visit of IRA sympathizers, the building of a hydro electric dam and a dangerous accident provide a chilling reminder that old threats still lurk even as new dangers emerge. Even as she celebrates the extraordinary birth of her child Maureen continues to battle the ghosts of her IRA past. Brian grasps at the fraying promises of Eden as his world is torn apart. The Ojibway find their land and traditions further curtailed by the encroachment of the modern world. And This Man watches out over all. In this evocative series spanning oceans and decades award winning author Carl Nordgren weaves a tale about the power of dreams and the dangers of ghosts who haunt our past.

The Space Between Worlds Micaiah Johnson,2020-08-04 NEW YORK TIMES BOOK REVIEW EDITORS CHOICE An outsider who can travel between worlds discovers a secret that threatens the very fabric of the multiverse in this stunning debut a powerful examination of identity privilege and belonging. WINNER OF THE COMPTON CROOK AWARD FINALIST FOR THE LOCUS AWARD. Gorgeous writing mind bending world building razor sharp social commentary and a main character who demands your attention and your allegiance. Rob Hart author of *The Warehouse* ONE OF THE BEST BOOKS OF THE YEAR NPR Library Journal Book Riot. Multiverse travel is finally possible but there's just one catch. No one can visit a world where their counterpart is still alive. Enter Cara whose parallel selves happen to be exceptionally good at dying from disease turf wars or vendettas they couldn't outrun. Cara's life has been cut short on 372 worlds in total. On this dystopian Earth however Cara has survived. Identified as an outlier and therefore a perfect candidate for multiverse travel. Cara is plucked from the dirt of the wastelands. Now what once made her marginalized has finally become an unexpected source of power. She has a nice apartment on the lower levels of the wealthy and walled off Wiley City. She works and shamelessly flirts with her enticing yet aloof handler Dell as the two women collect off world data for the Eldridge Institute. She even occasionally leaves the city to visit her family in the wastes though she struggles to feel at home in either place. So long as she can keep her head down and avoid trouble Cara is on a sure path to citizenship and security. But trouble finds Cara when one of her eight remaining doppelgangers dies under mysterious circumstances plunging her into a new world with an old secret. What she discovers will connect her past and her future in ways she could have never imagined and reveal her own role in a plot that endangers not just her world but the entire multiverse. Clever characters surprise twists plenty of action and a plot that highlights social and racial inequities in astute prose. Library Journal starred review.

Between Worlds Lindsey Büster,Eugène Warmenbol,Dimitrij Mlekuž,2018-12-18 The recent resurgence of academic interest in caves has demonstrated the central roles they played as arenas for ritual ceremony and performance.

and their importance within later prehistoric cosmologies Caves represent very particular types of archaeological site and require novel approaches to their recording interpretation and presentation This is especially true in understanding the ritual use of caves when the less tangible aspects of these environments would have been fundamental to the practices taking place within them *Between Worlds* explores new theoretical frameworks that examine the agency of these enduring natural places and the complex interplay between environment taphonomy and human activity It also showcases the application of innovative technologies such as 3D laser scanning and acoustic modelling which provide new and exciting ways of capturing the experiential qualities of these enigmatic sites Together these developments offer more nuanced understandings of the role of caves in prehistoric ritual and allow for more effective communication management and presentation of cave archaeology to a wide range of audiences

Between Two Worlds Nicholas Sagovsky, 1983-09-08 Tyrrell and Arnold take their place in a peculiarly English theological tradition Appreciation of this tradition is of the first importance in understanding the background to contemporary Anglicanism and contemporary Catholicism More than that it offers a way of bridging the gulf between the world that Tyrrell and Arnold was dead or dying and the world of the late twentieth century with all the questions that they began to perceive two prophetic individuals unable to live with the Church of their day and unable to find the Church of the future

Between Two Worlds Richard Edward Feinberg, 1986 The global debt and adjustment crisis has challenged the World Bank to become the leading agency in North South finance and development The many dimensions of this challenge which must be comprehensively addressed by the Bank s new president are the subject of this important volume in the Overseas Development Council s U S Third World Policy Perspectives series The Bank s ability to design and implement a comprehensive response to global economic needs is threatened by competing objectives and uncertain priorities Can the Bank design programs attractive to private investors that also serve the very poor Can it emphasize efficiency while transferring technologies that maximize labor absorption Can it aggressively condition loans on policy reforms without attracting the criticism that has accompanied IMF programs Can it meet the needs of the 1990s with the internal organization and staff of the early 1980s The contributors to this volume assess the role that the World Bank can play in the

period ahead They argue for new financial and policy initiatives and for new conceptual approaches to development as well as for a restructuring of the Bank as it takes on new systematic responsibilities in the new decade Between Two Worlds Josephine H.
