## **The Absence Of Myth:**

**The Absence of Myth** Georges Bataille, 1994 For Bataille the absence of myth had itself become the myth of the modern age In a world that had lost the secret of its cohesion Bataille saw surrealism as both a symptom and the beginning of an attempt to address this loss His writings on this theme are the result of profound reflection in the wake of World War Two The Absence of Myth is the most incisive study yet made of surrealism insisting on its importance as a cultural and social phenomenon with far reaching consequences Clarifying Bataille s links with the surrealist movement and throwing revealing light on his complex and greatly misunderstood relationship with Andre Breton The Absence of Myth shows Bataille to be a much more radical figure than his postmodernist devotees would have us believe a man who continually tried to extend Marxist social theory a pessimistic thinker but one as far removed from nihilism as can be Introduced and translated by Michael Richardson

**The Absence of Myth** Sophia Heller, 2012-02-01 In this provocative work Sophia Heller challenges the assumption that we cannot be without myth that myth is necessary to vital soulful living Indeed Heller argues we have been living in a world without myth for a long time The Absence of Myth examines the loss of a religious mode of being in the world and demonstrates how theorists who insist on the presence of myth deny its historical end Absence of myth may seem obvious evidenced by our lack of cult and ritual and by our de animated natural world as well as in the emergence of conceptual thought and psychological awareness which could only arise with the dissolution of a prereflective mythic mode of being in the world But what appears to be straightforward becomes complicated when myth is intentionally conflated with thought and reflection usually in the attempt to cultivate a mythic consciousness that aims to restore meaning to life and assuage the spiritual malaise of contemporary culture Myth cannot rest in peace It must be continually unearthed redefined and recontextualized such that modern and postmodern notions of myth are made to substitute for something that has never been experienced only imagined

J. Girardot,2008 Myth and Meaning in Early Daoism examines some of the earliest texts associated with the Daoist tradition primarily the Daode jing Zhuangzi and Huainanzi from the outlook of the comparative history of religions and finds a kind of thematic and soteriological unity rooted in the mythological symbolism of hundun the primal chaos being and principle that is foundational for the philosophy and practice of the Dao as creatio continua in cosmic social and individual life Dedicated to the proposition that ancient Chinese texts and traditions are often best understood from a broad interdisciplinary and interpretive perspective this work when it was written challenged many prevailing conceptions of the Daode jing and Zhuangzi as primarily philosophical texts without any religious significance or affinity with the later sectarian traditions While controversial and at times playfully provocative the methodology and findings of this book are still important for the ongoing scholarship about Daoism in China and the world The Myths of the New World Daniel Garrison Brinton,1896 **The Great Dionysiak Myth ...** Robert Brown,1878 Myth, Ritual and Religion: Contents -- Gods of the lowest races -- American divine myths -- Mexican divine myths -- The mythology of Egypt -- Gods of the Aryans of India -- Greek divine myths -- Heroic and romantic myths Andrew Lang,1887 The Myths of Plato Plato,1905 **The Test-theme in North American Mythology** Robert Harry Lowie,1908 *The Birth and Growth of Myth, and Its Survival in Folk-lore, Legend, and Dogma.
