Dupree, 1966 Symptoms were identified in channel catfish fed diets deficient in the water soluble vitamins pyridoxine pantothenic acid riboflavin thiamine folic acid nicotinic acid B 12 or Choline Fat soluble vitamin A and vitamin K deficiency systems were observed after feeding diets which contained beta carotene and 4 0 milligrams of menadione synthetic vitamin K per 100 grams of food dry weight These deficiencies were eliminated by substituting vitamin A palmitate for beta carotene and doubling the content of menadione No dietary need was observed for the water soluble vitamins biotin inositol ascorbic acid and para aminobenzoic acid Water-soluble Vitamin Requirements of Silver Salmon John A. Coates, John Emil Halver, 1958 *The Vitamins* Henry Clapp Sherman, Sybil Laura Smith, 1922 **Food, Health, Vitamins** Robert Henry Aders Plimmer, Mrs. Violet Geraldine (Sheffield) Plimmer, 1928 **The Complete Manual of Fitness and Well-being** Reader's Digest Association, 1984 Each chapter of this all purpose health book deals with a different topic ranging from nutrition to exercise and also covering beauty care sexuality and alternative medicine Charts diagrams drawings and 450 full color photos **The Complete Drug Reference, 1992** Consumer Reports, United States Pharmacopeia, 1992 More comprehensive than the Physicians Desk Reference more consistent and logically organized and the layout is far easier to read Library Journal Each entry identifies the drug s generic and brand names describes how to properly use and store the medicine lists possible side effects interactions and allergic reactions and more Full color 24 page medicine chart Vitamin News Royal Lee, 2006-08 In 1961 after Dr Lee and the vitamin product company lost their case in a Supreme Court ruling this book for all practical purposes ceased to exist An agreement with the government led to the destruction of all of Dr Lee s research on whole food nutrition as well as the destruction of many of the books now available in the Lee library He was forbidden to lecture on medicine nutrition and health When IFNH received the stewardship of the Lee Foundation and the rights to all its publications in 1997 one of our first priorities was to reprint Vitamin News At first glance this didn t seem like a difficult task After reviewing many of the copies that had been bootlegged over the years we were surprised to find much was missing With the help of many of the old believers we are proud to bring you this new edition with its 28 missing articles as well as a vast number of missing peer references For those of you who remember trying to find something in one of the old copies you will be more than pleased to find a table of contents and index with this book

The book has grown from about 198 pages to just under 400 pages So often we are asked where is the research backing up your recommendations for whole food nutrition This book is packed full of references from peer journals using whole food nutrition This work was done before the pharmaceutical companies subverted our university research departments with unlimited funds and synthesized chemical byproducts Remember almost all the research done prior to World War II in nutrition was done with food *Catalogue* Montgomery Ward,1941 **Notices of Judgement Under the Federal Food, Drug, and Cosmetic Act ...** United States.
