Unholy Ghost is a unique collection of essays about depression that in the spirit of William Styron's *Darkness Visible* finds vivid expression for an elusive illness suffered by more than one in five Americans today. Unlike any other memoir of depression however, *Unholy Ghost* includes many voices and depicts the most complete portrait of the illness. Lauren Slater eloquently describes her own perilous experience as a pregnant woman on antidepressant medication. Susanna Kaysen writing for the first time about depression since *Girl Interrupted* criticizes herself and others for making too much of the illness. Larry McMurtry recounts the despair that descended after his quadruple bypass surgery. Meri Danquah describes the challenges of racism and depression. Ann Beattie sees melancholy as a consequence of her writing life. And Donald Hall lovingly remembers the moody seesaw of his relationship with his wife Jane Kenyon. The collection also includes an illuminating series of companion pieces. Russell Banks's and Chase Twichell's essays represent husband and wife perspectives on depression. Rose Styron's contribution about her husband's struggle with melancholy is paired with an excerpt from William Styron's *Darkness Visible* and the book's editor Nell Casey juxtaposes her own essay about seeing her sister through her depression with Maud Casey's account of this experience. These companion pieces portray the complicated bond a constant grasp for mutual understanding forged by depressives and their family members. With an introduction by Kay Redfield Jamison, *Unholy Ghost* allows the bewildering experience of depression to be adequately and beautifully rendered. The twenty-two stories that make up this book will offer solace and enlightenment to all readers.

*Understanding and Treating Patients in Clinical Psychoanalysis* Sandra Buechler, 2015-03-05. *Understanding and Treating Patients in Clinical Psychoanalysis: Lessons from Literature* describes the problematic ways people learn to cope with life's fundamental challenges such as maintaining self-esteem, bearing loss, and growing old. People tend to deal with the challenges of being human in characteristic repetitive ways. Descriptions of these patterns in diagnostic terms can be at best dry and at worst confusing, especially for those starting training in any of the clinical disciplines. To try to appeal to a wider audience, this book illustrates each coping pattern using vivid, compelling fiction whose characters express their dilemmas in easily accessible, evocative language. Sandra Buechler uses these examples to show some of the ways we complicate our lives and through reimagining different scenarios for these characters, she illustrates how clients can achieve greater emotional health and live their lives more productively. Drawing on the work of Dostoevsky, Tolstoy, Munro, Mann, James, O'Connor, Chopin, McCullers, Carver, and the many other authors represented here, Buechler shows how their keen observational short fiction portrays self-hurtful styles of living. She explores how human beings cope using schizoid, paranoid, grandiose, hysteric, obsessive, and other defensive styles. Each is costly in many senses and each limits the possibility for happiness and fulfillment. *Understanding and Treating Patients in Clinical Psychoanalysis* offers insights into what living with and working with problematic behaviors really means through a series of examples of the major personality disorders as portrayed in literature. Through these fictitious examples, clinicians and trainees and undergraduate and graduate students can gain a greater understanding of

how someone becomes paranoid schizoid narcissistic obsessive or depressive and how that affects them and those around them including the mental health professionals who work with them

Born and raised in the Caribbean in the 50s and 60s one has a certain perception of those in authority as being good decent law abiding intellectuals So I was in for a shock when I had occasion to represent myself as a plaintiff in the Superior Court of Justice in Ontario Canada I was in for an even greater shock when I filed a criminal report about the illegal activities indulged in by lawyers judges and also by a visit from the police who not only bullied me but threatened to have me take a test for mental health issues if I contacted them again What was most unbelievable was what took place at landlord and tenant board hearings the blatant lies told not only by a judge at the board but a paralegal and her clients whom she orchestrated and or facilitated in breaking the law to effect an illegal eviction What was even more disturbing was that those judges who accommodated the obvious lies told broke Section 139 2 of the Criminal Code of Canada to accommodate the paralegal as she not only attempted to but was successful in obstructing perverting and or defeating justice The actions of the authorities make one wonder if they are morally intellectually and spiritually bankrupt Hence the title of my next book *Are We Being Prepared for Heaven or for Hell* Coralie E Judah was born on a small island in the British Virgin Islands and was raised on another small island Montserrat She now resides in Ottawa Canada Publisher s website <http://sbprabooks.com>
