Victorian London Lee Jackson, 2004 When Queen Victoria was in power it was a period of massive development in London Much of contemporary London owes a great deal to its Victorian heritage and influence From the cultural highs of museums and theaters to the perennially popular pubs and markets the influence of the Victorians is evident in many commonplace London scenes *Victorian London* is a guide to the London of this period and the glorious evidence that remains in London s landscape and today s society Author Lee Jackson is an entertaining guide who relates his detailed knowledge of many aspects of the social history of the period architecture popular culture education crime and punishment food and drink shopping and transport Superb photographs illustrate this celebration of Victorian history and architecture This book is ideal for residents and visitors alike *Punch* Mark Lemon, Henry Mayhew, Tom Taylor, Shirley Brooks, Francis Cowley Burnand, Owen Seaman, 1922 [Space and the 'March of Mind'](#) Alice Jenkins, 2007-01-18 Discussing the idea of space in the first half of the 19th century this book uses contemporary poetry essays and fiction as well as scientific papers textbooks and journalism to give an account of 19th century literature s relationship with science **Journal of the Society of Architectural Historians** Society of Architectural Historians, 1963 Includes special issues **Recent Archaeology and the Bible** Thomas Nicol, 1899 *Cottages and Villas* Mireille Galinou, 2010 The garden suburb has its origins in London and contrary to widespread belief its earliest phase took place not at the beginning of the 20th century with the much discussed garden city movement but one century earlier with the creation of the Eyre brothers villa estate in the London suburb of St John s Wood This fascinating book gives the first detailed accurate and well illustrated account of the Eyre Estate It provides the missing link in the history of British suburbs Drawing on the resources of the newly catalogued Eyre archive it offers an authoritative interpretation of the development and management of this pioneering estate from the eighteenth century onwards Dust jacket [Nothing Sacred](#) Christopher Holmes Smith, 2001 **Victorians Institute Journal** Victorians Institute, 2012 **The Streets of London** Tim Hitchcock, Heather Shore, 2003 The street is the social arena that we share above all with our forebears forcing some startling juxtapositions Here historians bring to life a variety of people and behaviour which would have been found in the London streets [Fashion](#) Peter McNeil, 2009-02-01 Winner of the Art Association of Australia and New Zeland prize for Best Edited Book 2010 *Fashion Critical and Primary Sources* is a major multi volume work of reference which brings together seminal writings on Fashion The geographical range of the essays crosses Europe Asia and North America The essays reveal the wide set of methodological approaches which all bear on the study of Fashion Sociology Art History and Cultural History Anthropology Social Theory Dress and Textile Studies Ordered chronologically the four volumes cover Late Medieval to Renaissance the Eighteenth Century the Nineteenth Century and the Twentieth Century to today Each volume is separately introduced and the essays structured into coherent sections on specific themes *Fashion Critical and Primary Sources* will prove a major scholarly resource for any researchers involved in the study of Fashion Dress and Costume [Researching London's Houses](#) Colin Thom, 2005 [The House by the Thames](#)

Gillian Tindall, 2006 A masterpiece of miniaturist social history In closely examining the history of one house 49 Bankside Gillian Tindall tells the story of Southwark and the south bank the river Thames and indeed of London itself 49 Bankside is an 18th century house the last genuine survivor of what was once a long ribbon of houses overlooking the water It still stands opposite St Paul s Cathedral and next door to the re built Globe theatre and the new bridge which takes pedestrians across the Thames to Tate Modern Earlier there was a medieval inn the Cardinal s Hat on the same site Gillian Tindall makes the whole area and its long history live again Here are the bear baiting pits and the brothels the priests fish ponds and the bishop s underground prison the Clink the theatres of Shakespeare s time and the iron and coal businesses of the industrial revolution Rich with anecdote and colour empathetic scholarly and textured this is social history at its most enjoyable Gillian Tindall excels at description and picking out the most fascinating details Celebrities from history walk through her pages but her book is above all about the families who lived in the house and worked nearby about those who made their living in boats on the Thames a living constantly threatened by the building of bridges or the coming of steam ships about keeping 19th century London supplied with gas about girls at home sewing military uniforms Readers will identify with these characters from the past and will become deeply involved in the stories of their daily lives *The Contemporary Review*, 2005

Approaches to Teaching Dickens's Bleak House John O. Jordan, Gordon Bigelow, 2008 A central text both in Dickens s career and in the history of the novel itself Bleak House provides students and teachers occasion to discuss Victorian social concerns involving law crime family education and money and to learn about every stratum of English society from the aristocracy to the homeless But the sheer size of the novel and its narrative intricacy pose pedagogical obstacles The essays in this volume offer instructors an array of practical strategies for use in the classroom some describe courses organized exclusively around Bleak House others offer ideas for teaching a single scene or topic in the novel The book opens with part 1 Materials which assesses editions and provides a guide to the wealth of resources available to instructors including reference works critical studies and background readings in print and on the Web The essays in part 2 Approaches discuss nineteenth century British culture and Victorian social texts present ways to teach specific scenes patterns and problems in the novel describe intertextual approaches and detail specific courses taught in different settings and at a variety of educational levels

From the Harpy Tomb to the Wonders of Ephesus Debbie Challis, 2008-05-30 This book explores the fascinating stories behind the collection of antiquities from the Ottoman Empire between 1840 and 1880 The men who led these collecting expeditions published journals detailing their adventures as well as their archaeological labours and this did much to feed Victorian interest in archaeology and the Orient
