Victorian Children Steve Harrison, Jonathan Hewitt, 1997-04-30 *Evolution and Imagination in Victorian Children's Literature* Jessica Straley, 2016-06-06 Evolutionary theory sparked numerous speculations about human development and one of the most ardently embraced was the idea that children are animals recapitulating the ascent of the species After Darwin's Origin of Species scientific pedagogical and literary works featuring beastly babes and wild children interrogated how our ancestors evolved and what children must do in order to repeat this course to humanity Exploring fictions by Rudyard Kipling Lewis Carroll Frances Hodgson Burnett Charles Kingsley and Margaret Gatty Jessica Straley argues that Victorian children's literature not only adopted this new taxonomy of the animal child but also suggested ways to complete the child's evolution In the midst of debates about elementary education and the rising dominance of the sciences children's authors plotted miniaturized evolutions for their protagonists and readers and more pointedly proposed that the decisive evolutionary leap for both our ancestors and ourselves is the advent of the literary imagination Charles Dickens and the Victorian Child Amberly Malkovich, 2013-02-11 This book explores the ideas of children and childhood and the construct of the ideal Victorian child that developed rapidly over the Victorian era along with literacy and reading material for the emerging mass reading public Children's Literature was one of the developing areas for publishers and readers alike yet this did not stop the reading public from bringing home works not expressly intended for children and reading to their family Within the idealized middle class family circle authors such as Charles Dickens were read and appreciated by members of all ages By examining some of Dickens's works that contain the imperfect child and placing them alongside works by Kingsley MacDonald Stretton Rossetti and Nesbit Malkovich considers the construction romanticization and socialization of the Victorian child within work read by and for children during the Victorian Era and early Edwardian period These authors use elements of religion death irony fairy worlds gender and class to illustrate the need for the ideal child and yet the impossibility of such a construct Malkovich contends that the imperfect child more readily reflects reality whereas the ideal child reflects an unattainable fantasy and while debates rage over how to define children's literature such children though somewhat changed can still be found in the most popular of literatures read by children contemporarily *The Victorian Statutes* Victoria, 1915
