Victorian Justice:

History of the Criminal Justice System in Victoria Colin Rimington, 2023-02-01 This is an authoritative comprehensive account of Victoria's justice system starting with a tour of the historic justice precinct which is located on the corner of La Trobe Street and Russell Street Melbourne The author takes us back to the earliest days of Victoria's settlement and introduces the politicians police magistrates and even the criminals who played their parts in Melbourne and Victoria's development We are shown how the prison hulks developed into stockades on land and uncover the philosophy behind the construction of the prisons many no longer occupied and the building of courts which were built for conducting trials both civil and criminal The book is in many ways an insight into an aspect of Victoria's social history about which little has been written elsewhere It is a valuable addition to the justice bibliography and even exposes a mystery or two It took seven years to research and fact check and includes many photos All of the author's proceeds of this book after costs will be donated to Victoria Police Legacy which looks after families of deceased police officers who have died in the course of their duties

The Victorian Reports, 1877 Civilising Criminal Justice David J. Cornwell, John R. Blad, Martin Wright, 2013 Probably the best collection there is Civilizing Criminal Justice is an inescapable resource for anyone interested in restorative justice truly international and packed with experience while combining history theory developments and practical advice This volume of specially commissioned contributions by widely respected commentators on crime and punishment from various countries is a breakthrough in bringing together some of the best arguments for long overdue penal reform An increasingly urgent need to change outmoded criminal processes even in advanced democracies demands an end to those penal excesses driven by political expediency and damaging notions of retribution deterrence and punishment for its own sake Civilising criminal justice will make it fairer more consistent understandable and considerate towards victims of crime currently largely excluded from participation Principles of reparative and restorative justice have become increasingly influential in the quest to provide justice which tackles harm compensates victims repairs relationships resolves debilitating conflicts and calls offenders to account And in any case what real justification is there for subjecting more and more people to the expensive but hollow experience of prison especially at a time of economic stringency Civil justice in its various forms can be swifter cheaper and more effective in court or through mediated processes focusing on the harmful consequences of offences rather than inflicting punishment that may satisfy a baying media but come home to haunt the community This brave and generous book 600 pages illustrates the many different ways in which criminal justice can be civilised and how lessons can be learned from practical experience across the world and shared expertise It is a volume that every politician should read every criminal justice professional should possess and that every student of criminology and penology will find invaluable David Cornwell John Blad and Martin Wright are three of the leading international experts on this topic with many publications to their names individually Contributors Serge Gutwirth and Paul De Hert Belgium Federico Reggio Italy Bas van Stokkom The

The Victorian Law Reports Victoria. Supreme Court,1882 **The Victorian Statutes** Victoria,1915 *The Role of the Media in Criminal Justice Policy* Natalia Antolak-Saper,2022-09-09 This book provides a socio legal examination of the media s influence on the development and implementation of criminal justice policy This impact is often assumed And especially in the wake of high profile crimes the press is routinely observed calling for sentences to be harsher and for governments to be tougher on crime But how do we know that there is a connection To answer this question the book draws on a case study of the media reporting of the rape and murder of Jill Meagher in Melbourne Australia as well as other well known cases including those of James Bulger Sarah Payne Stephen Lawrence and Michael Brown among others Deploying a socio legal framework to examine how the media s often powerful and emotive narratives play a crucial role in the development and implementation of law the book provides a deep and critical reflection on its influence The book concludes with a number of suggestions for media reform both to moderate the media s influence and to incorporate a broader range of viewpoints This multi disciplinary book will appeal to scholars and students in sociolegal studies criminology and criminal law as well as those working in relevant areas in sociology and media studies

Victorian Year Book ,2001 **The Victorian Reports** Victoria. Supreme Court,1872 **Plea Negotiations** Asher Flynn,Arie Freiberg,2018-07-24 Despite a popular view that trials are the focal point of the criminal justice process in reality the most frequent way a criminal matter resolves is not through a fiercely fought battle between state and defendant but instead through a process of negotiation between the prosecution and defence resulting in a defendant pleading guilty in exchange for agreed concessions from the prosecution This book presents an original empirical case study of plea negotiations drawing upon interviews with legal actors and an analysis of defence practitioner case files to shine light on the processes and ways in which an agreed outcome is reached in criminal prosecutions within the setting of a jurisdiction like many others world wide which is suffering major shifts in state resources Plea negotiations also referred to as plea bargaining negotiated guilty pleas and negotiated resolutions are neither an alloyed benefit nor a detriment for defendants victims or the criminal justice system generally and like all compromises this book shows how the perfect justice outcome gives way to the good or just the reasonably acceptable justice outcome

Confronting the Human Rights Act 1998 Nicolas Kang-Riou,2012-03-15 This book critically examines the Human Rights Act 1998 HRA and evaluates its impact from a multi disciplinary perspective The book includes both a domestic and international analysis of the effectiveness of the HRA and also considers possible future developments in policy and practise as well as contemplating the potential for a British Bill
