Victorias Secret:

The Victoria's Secret Catalog Never Stops Coming Jennie Nash, 2002-01-25 Breast cancer made Jennie Nash a wise old woman at the age of thirty six She learned among other things that her instincts are good her kids are really resilient and that in the fight against breast cancer the journey for patients family and friends can be a surprisingly positive life changing experience Some five years younger than the AMA recommended age for mammograms Jennie Nash insisted she be tested not because of a lump but because of a hunch brought on by a friend s battle with lung cancer Jennie was as shocked to discover as her friend had been that cancer knows no age limits From detection and surgery to reconstruction and recovery Jennie gives readers a road map for a journey no one chooses to take She details both the large and small lessons learned along the way the importance of a child s birthday cake the pleasure of wearing a beautiful provocative red dress how to be grateful rather than guilty when someone brings lasagne to the door and that sometimes the only difference between getting to live and having to die is luck A celebration of survival Jennie Nash s account transforms one of life s most harrowing experiences into a story of reassurance and enlightenment
