Victors Reflections:

Media, Wars and Politics Ekaterina Balabanova,2007-01-01 This topical book examines the interaction between media and foreign policy extending its focus beyond US media and policy making by considering the case of Western and Eastern European media and policy processes It tests the wider application of existing theoretical approaches and provides useful comparisons allowing the reader to draw conclusions on the media policy relationship

Trials and Tribulations of International Prosecution Henry F. Carey,Stacey M. Mitchell,2013-02-14 There have been many political dilemmas that impose structural constraints on the effort to legalize judicialize and criminalize normatively deviant behavior in international politics The annual costs of these tribunals has peaked at approximately 400 million of which 140 million is allocated to the ICC the latter now having spent 1 billion in its first decade of existence What has been the track record of these international criminal courts with jurisdiction to try heads of states and leading official and military officers Has the domestic political will of states increased to prosecute their own leaders following the ICC s complimentary jurisdiction How have powerful states supported these courts and how have they undermined them In succeeding in punishing a number of high profile cases the tribunals arguably constitute what Habermas called communicative action that expresses the aspirations and nascent norms of international society Beyond the confines of a specific of international cooperation these courts are increasingly becoming norm entrepreneurs defining the norms of coexistence among states such that internal atrocities are seen not only as international crimes but threats to the stability and order of international society These courts are also redefining the attributes of what states must practice to preserve their reputations a breach of which will prove increasingly costly The tribunals are increasingly incentivizing and mobilizing informational networks from NGOs IGOs and states to document and publicize violations of international criminal law thereby increasing exposure risks of perpetration To be sure the patchwork of compliance and norm communication is fraught with double standards hypocrisy selective enforcement and neoimperial delegitimation of the subaltern Still what has begun as institutions created in the absence of humanitarian action by the powerful may come to constitute normal state attributes similar to sovereignty whose violation will be seen as not only illegitimate but also meriting humanitarian action to correct and punish such behavior The question remains whether ongoing impunity of both the powerful and the powerless will undermine or limit this potential

Prosecuting War Crimes James Gow,Rachel Kerr,Zoran Pajic,2013-09-23 This volume examines the legacy of the International Criminal Tribunal for the former Yugoslavia ICTY which was created under Chapter VII of the UN Charter as a mechanism explicitly aimed at the restoration and maintenance of international peace and security As the ICTY has now entered its twentieth year this volume reflects on the record and practices of the Tribunal Since it was established it has had enormous impact on the procedural jurisprudential and institutional development of international criminal law as well as the international criminal justice project This will be its international legacy but its legacy in the region where the crimes under its jurisdiction took

place is less clear research has shown that reactions to the ICTY have been mixed among the communities most affected by its work Bringing together a range of key thinkers in the field Prosecuting War Crimes explores these findings and discusses why many feel that the ICTY has failed to fully engage with people s experiences and meet their expectations This book will be of much interest to students of war crimes international criminal law Central and East European politics human rights and peace and conflict studies

History of the Conquest of Mexico William Hickling Prescott,1892 *History of the Conquest of Mexico* Prescott,1893 *US Intervention Policy and Army Innovation* Richard Lock-Pullan,2006 This book examines how the US Army rebuilt itself after the Vietnam War and how this has effected US intervention policy after the Cold War

The Routledge History of World Peace since 1750 Christian Philip Peterson,William M. Knoblauch,Michael Loadenthal,2018-10-10 The Routledge History of World Peace since 1750 examines the varied and multifaceted scholarship surrounding the topic of peace and engages in a fruitful dialogue about the global history of peace since 1750 Interdisciplinary in nature the book includes contributions from authors working in fields as diverse as history philosophy literature art sociology and Peace Studies The book crosses the divide between historical inquiry and Peace Studies scholarship with traditional aspects of peace promotion sitting alongside expansive analyses of peace through other lenses including specific regional investigations of the Middle East Africa Latin America and other parts of the world Divided thematically into six parts that are loosely chronological in structure the book offers a broad overview of peace issues such as peacebuilding state building and or conflict resolution in individual countries or regions and indicates the unique challenges of achieving peace from a range of perspectives Global in scope and supported by regional and temporal case studies the volume is an essential resource for educators activists and policymakers involved in promoting peace and curbing violence as well as students and scholars of Peace Studies history and their related fields

Twisting Arms and Flexing Muscles Timothy M. Shaw,2018-01-18 Military force is considered essentially a non military pursuit in international relations specifically humanitarian intervention and peacebuilding This coherent and interrelated study makes an important contribution to the existing literature by concentrating on empirical analyses It is illustrated by key case studies which consider the complexities and dynamics associated with the application of military force Of particular importance in this context is the emphasis on areas of recent crisis such as Africa and the Balkans The book considers whether our understanding of military force and its utility is outdated and finds that new considerations are required in order to capture the demands of the new environment and generate more appropriate and effective responses The volume will have wide appeal ranging from students and academic researchers to high level policy makers and policy analysts in the military governance and democratization and peacebuilding communities as well as area specialists and non governmental
