Scales,1993 *Victory in the Gulf* ,1991 A photo journal of the Persian Gulf War in 1991 **Victory in the Gulf** New American Library Staff,Salvatore Raimondo,Consumer Guide,Dutton,1991 Provides a gripping account of the most important world event in the post Cold War era **CERTAIN VICTORY: The Us Army In The Gulf** Robert H Scales, Documents The Official Us Army Account Of Its Performance In The First Gulf War Tells The Story Of Men And Women Who In Iraq And Kuwait Took The Fight To The Enemy And Won A Compelling Victory 70 Photographs 45 Maps 7 Chapters Epilogue Chronology Of Events Bibliography Glossary And Index **Hollow Victory** Jeffrey Record,1993 In *Hollow Victory* iconoclastic defense analyst Jeffrey Record targets the conventional view of the Gulf War victory In his characteristically provocative style he answers controversial political military and strategic questions raised by the war and its aftermath among them Were the UN economic sanctions ever really given a chance to work Could the war have been avoided altogether Why were assessments of Iraqi strengths and weaknesses so inaccurate How did the war s operational setting contribute to its outcome Could a better general than Saddam Hussein have derailed Operation Desert Storm What were the relative contributions of air ground and naval power Did air power win the war Were U S military planning and operations really free of meddling by civilian authorities Did the U S armed services work together harmoniously If you thought you understood what happened in Desert Storm *Hollow Victory* will challenge your conclusions BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved *Persian Gulf War* ,1991 **Certain Victory: the United States Army in the Gulf War - General Scales Tells the Story of Desert Shield and Desert Storm, Liberating Kuwait from Iraq - Plotting the Campaign and the Great Wheel** Department of Defense,U. S. Army,U. S. Government,2017-09 General Scales and his team wrote *Certain Victory* to provide both the public and the military a clear picture of the Army s role in the Gulf War The breadth and speed of Desert Storm operations left many participants unaware of the larger context in which they acted This book is for them To capture their story General Scales essentially interweaves three distinct themes each of which stands apart First *Certain Victory* tells the story of the young men and women who in the heat and blowing sand of Iraq and Kuwait took the fight to the enemy and won a compelling victory Second that victory vindicates the tireless and often unheralded work of a generation of Army leaders who forged a new Army from the dispirited institution that emerged from Vietnam Third *Certain Victory* provides a window on the future as well as a chronicle of the past The reader reflecting on the overarching sinews that General Scales extracts from the story will gain insight into how future American wars might be fought *Certain Victory* is a unique report of the Army s performance during Desert Shield and Desert Storm It was researched and written under my direction by a group of eight officers drawn from many different

combat specialties and backgrounds Most are veterans of the Gulf War Our only instructions from the Army leadership as we did our research for this book were to uncover what soldiers term ground truth As such Certain Victory is the first depiction of the war built exclusively on combat interviews and reports from units returning from the theater The frankness and candor as well as the color derived from these sources have been carefully preserved In order to reach the widest possible audience the study group went to extraordinary lengths to declassify intelligence and after action reports as well as operations orders and overhead photography We have also expunged as much of the Army jargon and acronyms from the book as possible Many observations and insights are presented as part of personal stories or combat narratives We hope this will help readers to better understand the issues and draw their own informed conclusions The focus of Certain Victory is the operational and tactical level of war The political and diplomatic decision making that resulted in the Army s deployment to Southwest Asia is mentioned incidentally and only to the degree that it sets the stage for the war fighting aspects of the conflict Certain Victory s treatment of other Services and other nations contributions to the defeat of Saddam Hussein intentionally focuses on those Services and countries that most directly and immediately impacted on the Army s mission Regrettably time and space did not permit us to include all units and key personalities For example Colonel John Sylvester s 1st Brigade of the 2d Armored Division the Tiger Brigade receives very little coverage for its outstanding exploits although its place in history is no less important than the other units we have covered I hope to see the joint warfare aspects of Desert Storm taken up more thoroughly in another work No single Service or nation won the Gulf War on its own The Army recognizes its dependence on the other Services and other nations in this and any future conflict As early as 1958 President Dwight D Eisenhower explaining that separate ground sea and air warfare is gone forever stated we will fight with all Services as one single concentrated effort Strategic and tactical planning must be completely unified combat forces organized into unified commands and each equipped with the most efficient weapons systems science can develop singly led and prepared to fight as one Eisenhower s vision vindicated in the Gulf continues to be an important historical legacy
