## **Victrix Triumph In The Roman Arena:**

Victrix Frances Mary Hendry,2004 Victoria a female gladiator known to her opponents as Victrix begins attending a school in Italy for training **Triumph in the Roman Arena** Frances Mary Hendry,2004 Having survived the ravages of the Roman war against the Iceni people Victoria finds herself a tougher if embittered heroine She has lost her Roman relatives and alienated her remaining Iceni family Now she means to avenge her true tribe even if that means going to Italy where she will train to become a female gladiator Feared and despised by most Victoria or Victrix as she is known now and her fellowtrainees endure rigorous training flirting with death on a regular basis But despite general disapproval amongst the profession few survive to become fully fledged gladiators passionate bonds are formed and Victrix grows dangerously close to Pulcher her ruthless genius of a trainer With his help she builds herself a fearsome reputation for her skill in the arena as well as her breathtaking tattooed scalp But when she catches the eye of the cruel psychotic Emperor Nero he demands she come to Rome to be his personal muse and Victrix faces her toughest ever battle and a heartbreaking challenge Has Victrix got what it takes to infiltrate the Roman aristocracy and thereby seek her revenge or will her hardened heart ultimately rule her head BACCHIUS IUDAEUS James M. Scott,2015-08-19 James M Scott examines a denarius minted in Rome in 55 bce which is visually fascinating but conceptually enigmatic On its obverse around the head of a female figure with turreted crown appears the name A Plautius who held the office of aedilis curulis in that year on its reverse is a camel in front of which a male figure kneels on his right leg holding the camel s reins in his left hand and extending a branch in his right hand the legend reads BACCHIVS IVDAEVVS Scott s study argues that the oft suggested connection between Aristobulus gift of the golden vine from the Temple and the Bacchius Iudaeus denarius does seem to merit further investigation To that end he examines first Pompey s own agenda in having the coin minted It is shown that the year the denarius appeared 55 bce was the same year in which Pompey dedicated his spectacular theater temple in Rome and furthermore that these very public displays are related as expressions of Pompey s Dionysian pretensions Second Scott examines each element of the denarius in question looking for clues as to the meaning of Bacchius Iudaeus It is shown that the Latin inscription refers first and foremost to the god Bacchus Dionysus via an interpretatio Romana Finally he explores the possible implications of his investigation for the precise date of the fall of Jerusalem in 63 bce Scott s study delves deeply into Judaism at the beginning of the Roman era using the Roman coin to highlight the complex interface between Greco Roman and Jewish religiocultural institutions of the period *Politics in the Monuments of Pompey the Great and Julius Caesar* Eleonora Zampieri,2022-10-21 This book explores the diachronic development of the ideological content of Pompey and Caesar s monuments in Rome emphasising the importance of the late Republican period as a precursor to imperial propaganda through architecture In the final years of the Roman Republic individuals such as Pompey the Great and Julius Caesar exploited the communicative power of architecture The former promoted the first and largest stone theatre in Rome the latter started comprehensive town

planning projects that arguably verged on the utopian Yet the study of the politics expressed by these monuments and how complex late Republican politics shaped the monuments themselves has attracted less attention than that of subsequent imperial architecture Zampieri addresses this imbalance exploring the ideological meaning of late Republican monuments and highlighting that monuments were fluid adaptable entities even in the lifespan of a single individual Accompanied by detailed maps and images this volume shows how late Republican architecture should be considered an important source for understanding politics of this period Politics in the Monuments of Pompey the Great and Julius Caesar will be of use to anyone working on the politics and social world of the late Roman Republic and on Roman architecture and patronage
