Vida De Mayakovsky:

The Poetic and Real Worlds of César Vallejo (1892-1938) R. K. Britton, 2015-09-28 The world renowned Peruvian poet César Vallejo 1892-1938 was also a journalist, essayist, novelist and would be dramatist. The study of his life and work has encountered problems since the 1950s stemming from the fact that half of his writing was published posthumously under editorship of doubtful accuracy. The matter is further complicated in that his non-poetic work has been neglected in favour of his verse. A Struggle between Art and Politics reviews the evidence, literary and historical, now reliably to hand and assesses the often conflicting body of opinion his work has generated. Three essential questions are pertinent: Where should Vallejo be placed in the canon of twentieth century modernism? What effect did his mid-life conversion to Communism have on his writing? How should his prose, fiction, journalism and essays be assessed in relation to his poetry? There are few writers whose literary output follows the twists and turns of their lives more closely than César Vallejo's. This new comparative study maps his career onto the cultural, social, political and historical backdrop to his life in Peru, France, Spain and Russia and analyses his writings in the light of his life circumstances. Vallejo's journey from Peru, the cultural periphery to the centre of inter-war Paris, his experience of European capitalism during the Depression and the confrontation of Communism and Fascism ultimately played out in the Spanish Civil War, forced him to wage a personal struggle to reconcile art with life and politics. This challenge is fought out in different ways in his various writings but nowhere more movingly, passionately and humanely than in his posthumous poetry.

The Impossible Triangle Daniela Spenser, 1999 Post-revolutionary Mexico's establishment of diplomatic ties with the Soviet Union recognized their shared commitment to working class people and asserted Mexican sovereignty in defiance of the United States. This work reveals the history and consequences.

La tierra del mago (Trilogía Los Magos 3) Lev Grossman, 2015-02-04 Tercera entrega de la extraordinaria y absorbente trilogía Los Magos en la que la magia se imagina como una actividad practicada por personas de carne y hueso con sus deseos, sus caprichos y sus volubles emociones. Quentin Coldwater ha sido expulsado de Fillory, la tierra mágica secreta de sus sueños de infancia. Sin nada que perder, regresa al lugar donde empezó su historia, la escuela de magia Brakebills. Sin embargo, no puede esconderse de su pasado y este no tarda en acudir en su busca. Junto con Plum, una joven y brillante estudiante que guarda su propio oscuro secreto, Quentin parte por una senda tortuosa a través de un territorio de magia gris y personajes desesperados. Pero todos los caminos llevan a Fillory y su nueva vida lo conduce a viejos santuarios como la Antártida y a secretos sepultados y viejos amigos que cree haber perdido para siempre. Quentin desvela la clave de una obra maestra de la hechicería: un encantamiento que podrá crear una utopía mágica, un nuevo Fillory, pero lanzar ese hechizo pondrá en marcha una cadena de sucesos que lo llevarán a arriesgarse a sacrificarlo todo. Reseñas Grossman nos recuerda que la buena escritura puede cautivar los sentidos, la imaginación y el intelecto. The Washington Post: Un final conmovedor para la aclamada trilogía de Grossman. People.
