Vision Of God:

Seeing God Hans Boersma, 2022-02-10 Winner of the Christianity Today Book Award in Theology Ethics To see God is our heart's desire our final purpose in life But what does it mean to see God And exactly how do we see God with our physical eyes or with the mind's eye In this informed study of the beatific vision Hans Boersma focuses on vision as a living metaphor and shows how the vision of God is not just a future but a present reality Seeing God is both a historical theology and a dogmatic articulation of the beatific vision of how the invisible God becomes visible to us In examining what Christian thinkers throughout history have written about the beatific vision Boersma explores how God trains us to see his character by transforming our eyes and minds highlighting continuity from this world to the next Christ centered sacramental and ecumenical Boersma's work presents life as a never ending journey toward seeing the face of God in Christ both here and in the world to come

The Power of Vision George Barna, 2009-01-02 In *The Power of Vision* George Barna invites church leaders to discover the power of God's vision for ministry Readers will learn how God has shared His vision throughout history how vision is different than mission common practices and beliefs that inhibit true vision practical steps toward practicing God's unique vision for them and ways to share and promote congregational ownership of the vision Barna's word to all Christian leaders Uncovering God's vision for your ministry is not an option As Barna clearly states To minister authentically and authoritatively you must first clarify your vision then embrace it and make it the focus of your life's work and the heartbeat of your church Vision is the insight God provides to instruct and direct our paths a reflection of what God wants to accomplish through us in building His kingdom With this clear picture from Him of where you are headed your chances of a successful journey are increased a thousandfold

The Vision of God Nicolas Cusanus, Nicholas of Cusa, 2024-05-02 *The Vision of God* by Nicholas of Cusa is one of the foundational texts of late medieval Christian mysticism Known for his negative theology particularly as displayed in the seminal work *De Docta Ignorantia* Of Learned Ignorance Nicholas shows how accepting the limits of man's rational understanding leads to a fuller experience of the divine Man he believed is capable of comprehending God's inner being an experience he characterized as a coincidence of opposites Unlike his previous works though in *The Vision of God* Nicholas spends little time on a direct discussion of theology or philosophy and instead focuses directly on experience of the divine Despite growing interest in his life and works Nicholas of Cusa is often overlooked in discussions of Christian mysticism yet *The Vision of God* shows him as a true mystic theologian and teacher It is nearly impossible to read any portion of this book and not yearn for a glimpse of Cusa's vision

God'S Vision, My Vision Robert "Bobby" Florence, 2013-12-12 A book that will have one cognizant of whatever dark and bleak circumstances or situations one may be in and eventually will find themselves in the answer was here before any problem existed The discovery and importance of not wasting time and energy concentrating on the problem its a waste of time knowing the answer is never found in the problem its always revealed in the answer The search for significance to discover
