Senie, 2018-06-11 While many museums have ignored public art as a distinct arena of art production and display others have either grudgingly or enthusiastically embraced it Some institutions have partnered with public art agencies to expand the scope of special exhibitions other museums have attempted to establish in house public art programs This is the first book to contextualize the collaborations between museums and public art through a range of essays marked by their coherence of topical focus written by leading and emerging scholars and artists Organized into three sections it represents a major contribution to the field of art history in general and to those of public art and museum studies in particular It includes essays by art historians critics curators arts administrators and artists all of whom help to finally codify the largely unwritten history of how museums and public art have and continue to intersect Key questions are both addressed and offered as topics for further discussion Who originates such public art initiatives funds them and most importantly establishes the philosophy behind them Is the efficacy of these initiatives evaluated in the same way as other museum exhibitions and programs Can public art ever be a permanent feature in any museum And finally are the museum and public art ultimately at odds or able to mutually benefit one another **Vita Brevis** Jostein Gaarder, 2010-11-25 A playful and inventive work from the bestselling author of SOPHIE S WORLD A box of Latin manuscripts comes to light in an Argentine flea market An apocryphal invention by some 17th or 18th century scholar or a transcript of what it appears to be a hitherto unheard of letter to St Augustine to a woman he renounced for chastity VITA BREVIS is both an entrancing human document and a fascinating insight into the life and philosophy of St Augustine Gaarder's interpretation of Floria's letter is as playful inventive and questioning as SOPHIE S WORLD **Vita Brevis** Louis A.
