## Undying Will:

Missions of Interdependence ,2021-11-01 At the beginning of the twenty first century it is necessary to combine into a productive programme the striving for individual emancipation and the social practice of humanism in order to help the world survive both the ancient pitfalls of particularist terrorism and the levelling tendencies of cultural indifference engendered by the renewed imperialist arrogance of hegemonial global capital In this book thirty five scholars address and negotiate in a spirit of learning and understanding an exemplary variety of intercultural splits and fissures that have opened up in the English speaking world Their methodology can be seen to constitute a seminal field of intellectual signposts They point out ways and means of responsibly assessing colonial predicaments and postcolonial developments in six regions shaped in the past by the British Empire and still associated today through their allegiance to the idea of a Commonwealth of Nations They show how a new ethic of literary self assertion interpretative mediation and critical responsiveness can remove the deeply ingrained prejudices silences and taboos established by discrimination against race class and gender
