Sexualities in Victorian Britain Andrew H. Miller, 1996-12-22 Presents an introduction to Victorian sexualities This book contains essays that will energize reflection on the complexity of human sexuality and on the many different arrays of meaning that it has generated **Hunks, Hotties, and Pretty Boys** Steven L. Davis, Maglina Lubovich, 2010-08-11 White heterosexual middle class men have long served as the standard for masculine beauty even if such men have refused to embrace this term This study seeks to denaturalize this standard by exploring the connections between beauty and the broad spectrum of masculinities The chapters included in *Hunks Hotties and Pretty Boys* contribute primarily to the field of gender studies specifically masculinity studies They consider twentieth century representations of male beauty through a variety of mediums performance literature art photography film and television Although the contributors hail from both the humanities and the social sciences all share a concern for how beauty informs shapes defines and re defines our understanding of masculinity itself These scholars investigate a range of historical periods and draw from a broad scope of critical approaches Some interrogate male beauty through the female gaze and look to the influence of female performance on notions of masculine beauty Others examine how queer and racial constructions of male beauty refuse and offer alternatives to hegemonic models of identity Another revisits previous philosophical and theoretical conceptions of beauty only to deconstruct gendered conceptions of the beautiful and the sublime In all these essays complicate masculine beauty by examining Chicano Asian working class and female constructions of male beauty in Western culture *Queering Drag* Meredith Heller, 2020-01-21 Theatrical gender bending also called drag is a popular form of entertainment and a subject of scholarly study However most drag studies do not question the standard words and ideas used to convey this performance genre Drawing on a rich body of archival and ethnographic research Meredith Heller illuminates diverse examples of theatrical gender bending male impersonation in variety and vaudeville 1860 1920 the sexless gender bending of El Teatro Campesino 1960 1980 queer butch acts performed by black nightclub singers such as Storm DeLarverie instigator of the Stonewall riots 1910 1970 and the range of acts that compose contemporary drag king shows Heller highlights how in each case standard drag discourses do not sufficiently capture the complexity of performers intents and methods nor do they provide a strong enough foundation for holistically evaluating the impact of this work *Queering Drag* offers redefinition of the genre centralized in the performer s construction and presentation of a queer version of hegemonic identity and it models a new set of tools for analyzing drag as a process of intents and methods enacted to effect specific goals This new drag discourse not only allows for more complete and accurate descriptions of drag acts but it also facilitates more ethical discussions about the bodies identities and products of drag performers The Complete Book of 1900s Broadway Musicals Dan Dietz, 2022-07-15 Broadway musicals of the 1900s saw the emergence of George M Cohan and his quintessentially
