Korthals Altes, 2008 This remarkable book written by a former senior Dutch diplomat offers a penetrating analysis of some of the major threats to humanity Its special feature is that it goes beyond the usual pragmatic approach by putting the emphasis on a spiritual awakening Edy Korthals Altes makes a convincing case about the need for a fundamental transformation in our deepest motivation a reappraisal of man s place in Ultimate Reality Here is according to the author the base for the so urgently required change in attitude towards man material goods and nature This spiritual approach has not only far reaching consequences for our personal development but also for the society we live in Spiritual values should not be treated as abstract notions but have to be translated into hard reality Hence the inspiring chapters about just and sustainable economics a comprehensive concept of security and a responsible European Union This is a challenging and most timely book in a world short of hope and vision It should be widely read by all those who
