The Coaching Life:

Coaching Life Chris M. Stewart,2018-12-20 This book is about the coaching life and it is about coaching life These are two different things but in many ways they are the same thing The coaching life is about loving people Coaching is about people not games not business projects not organizations or any other abstract thing If there were no people there would be no coaching We are all coaches Every person in this life has someone else who looks to them from time to time for guidance and inspiration This book will help you to be the best coach you can be whenever someone in your life is in need of a coach The coaching life is not just about sports it is about coming along beside someone else and inspiring them to press beyond their current circumstances in order to become whom they are truly meant to be in life There is a little bit of something for everyone in this book It is not just for those who are coaches or in positions of leadership but it is for the common person who is no longer satisfied with the common Every chapter has a unique way of challenging you to be the best version of yourself
