The Colonies, 1492-1750
Reuben Gold Thwaites, 1894-01-01

In offering to the public a new *History of the United States*, for such the three volumes of the *Epochs of American History* taken together are designed to form the aim is not to assemble all the important facts or to discuss all the important questions that have arisen. There seems to be a place for a series of brief works which shall show the main causes for the foundation of the colonies, for the formation of the Union, and for the triumph of that Union over disintegrating tendencies. To make clear the development of ideas and institutions from epoch to epoch, this is the aim of the authors and the editor. Detail has therefore been sacrificed to a more thorough treatment of the broad outlines; events are considered as evidences of tendencies and principles. Recognizing the fact that many readers will wish to go more carefully into narrative and social history, each chapter throughout the Series will be provided with a bibliography intended to lead

first to the more common and easily accessible books afterward through the lists of bibliographies by other hands to special works and monographs The reader or teacher will find a select list of books in the Suggestions a few pages below The Colonies Helen Ainslie Smith,1899 *The Colonies in Transition, 1660-1713* Wesley Frank Craven,1967 Reviews the important political social and economic developments and issues of the colonies The Book of the Colonies; Comprising a History of the Colonies Composing the United States, Etc John Frost,1846 **The History and Activities of the Colonies** Margaret Hall,2006 Describes what life was like during colonial times including what they wore ate and did for entertainment **The Colonies Under the House of Hanover** John Andrew Doyle,1907 A Compendium of the Law of Property in Land and of Conveyancing Relating to Such Property William Douglas Edwards,1904 **The Remembrancer, Or Impartial Repository of Public Events** ,1782 **English Colonies in America ...: The colonies under the House of Hanover** John Andrew Doyle,1907 **A Manual of the Practice of the Supreme Court of Judicature in the King's Bench and Chancery Divisions ...** John Indermaur,1901 Microscopy and Bacteriology Paul Émile Archinard,1903 **United Empire** ,1922 **Monthly Summary of Commerce and Finance of the United States** United States.
