Understanding Biblical Principles For A Successful:

Understanding Biblical Principles for a Successful Life Samuel Amankwah Agyemang,2004-12-01 Many people are hurt depressed tormented just because they have not understood the principles of God s Word the Bible Without a clear understanding you may practice the principles wrongly In view of this fact the author has come out to interpret some principles so clearly that every reader will understand Upon application will also have a successful life on this planet as God intended for us Without proper understanding of the Bible you will continue to live in bondage or slavery whereby the Devil will also continue to manipulate your life The truth is in person of Jesus Christ Knowing the truth will set you free indeed

Biblical Principles That Create Success Through Productivity Rich Brott,2008 According to author Rich Brott it is human nature to want something for nothing or at least to receive a maximum amount of return for a minimum amount of effort The old adage notes that we should work smarter not harder There is no doubt that the industrial revolution changed society forever But is there ever a legitimate excuse to not continue working hard But the bottom line is this For you to be successful with consistency you will have to give up the ever present desire to live a life of leisure fulfilling every personal whim and want and choose to remain productive for a good part if not all of your life God honors hard work He honors productivity It is the author s belief that God s method for success is to bless the good productive work ethics of ordinary people *Purpose and Power of Love and Marriage* Myles Munroe,2005 Probably no other dimension of human experience has been pondered discussed debated analyzed and dreamed about more than the nature of true love Love is everywhere in songs and in books on televisions and on movie screens Yet for all of our thinking and talking how many of us truly understand love and where can we turn for genuine insight in matters of true love *Fix A Nigga Fix A Bitch* Damont L. Diggs,2019-05-31 This book is about love marriage and God understanding what it takes to have a great relationship **Biblical Principles for**

Releasing Financial Provision! The Secret Success of Marriage BRANFORD B YEBOAH,2015-05-18 Prayer has always been a vital part of Christian life By studying the prayers of men of God in the Scriptures you will begin to understand the concept of prayer The men whose prayers moved God to act were ordinary men like us Nevertheless they knew the power of prayer and its benefits The prayer these men prayed was not ordinary prayer but intense prayer People who pray with God have a relationship with Him If you carefully study Scripture you will notice that the way the prophets prayed reveals how married couples should pray to move God to intervene in their failing marriages Their prayer demonstrates the principles that can be gleaned and clearly identified and which if applied to marital life can work wonders When studied the prayers of these great men who walked

with God provide a wealth of insight The New Testament offers us prayer to which we even better relate The Gospels centre on key events in the life of Christ including examples of prayer These examples do not only give us insight into the heart of Christ but also give us key instructions on how to pray

Factors That Contribute to Successful Schools: A Caribbean Perspective Eulalie Daley Semper,2014-10-17 This book explores various factors that contribute to successful schools in the Caribbean Based on my own personal and professional experience I define successful schools as those schools where high quality teaching takes place in a supportive environment In these schools spiritual leaders seek to work with educational stakeholders to develop and facilitate a culture of excellence Therefore I have decided to examine teacher development community involvement spiritual leadership servant leadership and an established culture of success as additional factors that can contribute to successful schools in the Antiguan context However this study can yield valuable information that can be used to assess educational practices within different types of schools regionally and globally since one of its main aims is to explore stakeholders perceptions on the contributing factors to schools academic success In this book educational practitioners policy makers and institutional leaders will find principles of success that will affect principal leadership classroom learning and student achievement

The Revelational Knowledge of God Francis Elijah Ndunagum,2021-08-26 Many today in Christianity frequently talk about having revelation knowledge of God In a biblically related topic it is common to find many angles to the same topic This leaves one with the belief that there is no singular interpretation to any aspect of the word of God The angle from which the word of God is portrayed can be said to be right if basically it does not contradict known passages of the scriptures but seeks to present it in a hitherto unknown angle Many outside of the body of Christ have used this diverse presentation of the word of God negatively against the church saying that the Bible contradicts itself which is not true It is my aim in this publication to try and shed more light on the revelation of God so that people will open up their hearts to the truth instead of debating on things that are unprofitable Blind people who have to rely on the sense of touch and a guide to identify things around them It is impossible for a blind man to accurately describe an object because of his blindness At best they can put across what they believe they have felt by way of touch If blind men are gathered an animal and asked to describe a specific part they are made to feel the descriptions given will vary according to the part they touch All put together the various descriptions will depict the animal touched but they may not be able to name the animal Every animal has parts common to them such as the head body and legs etc The varied descriptions they give will nonetheless be correct but not being able to physically see the animal will lead to some measure of limitation in their descriptions God reveals Himself diversely to his people and this predominant revelation of God in a particular manner determines the understanding of the one to whom God has chosen to reveal himself to in such manner These revelations are directly related to His attributes
