Work And Spirit:

Working With Spirit Lucy Reid, Fred Evers, 2004-08-01 How does spirituality relate to our everyday working lives Can the challenges of work stress burnout time famine and conflict be addressed by our beliefs and spiritual practices Lucy Reid and Fred Evers argue that spirituality in the workplace is neither a strategy to placate unhappy workers nor an invasion by religious agenda It is instead the pursuit of meaning and integrity the attentiveness to deep questions and the unleashing of creativity by which our work is transformed and sanctified Written from the perspective of a priest and a sociologist Working With Spirit deals on the personal corporate and societal levels It suggests ways to heal working relationships and integrate spiritual truths It includes a compendium of resources to provide practical ways of engaging spirituality to meet challenges in the workplace today

Spiritual Reading Angela Lou Harvey, 2015-10-23 Reading Scripture is a spiritual practice at the very heart of the Christian faith But how is it possible to encounter God in reading the words of the Bible Does reading the Christian Bible require a different approach from how one may read other texts or writings What is required of the spiritual reader to read well Seeking to answer such questions Angela Lou Harvey provides a theological exploration of the idea of spiritual reading in the context of the Western church today Drawing upon insights of theologians such as Karl Barth Henri de Lubac and Ellen F Davis the author suggests that the particulars of Christian belief profoundly shape the distinctive practice of the spiritual reading of the Bible

The Spiritual Indian Corporate Dr. Anshul Gupta, 2023-10-09 Spirituality in the workplace has been studied for more than two decades and it is yet to achieve the status as an implementable solution for corporate issues India is at the center of the corporate growth story However without acknowledging and accommodating the spiritual side of employees their most vital and hidden potential would be missed at the workplace The management in the Indian Corporate is facing rampant instability due to rapidly changing external and internal environments The employees are preoccupied with a constant search for new avenues and are performing tasks only to complete the to do list The psychological contract between the employer and employee is broken and the employee is not ready to go beyond the minimum expectations The corporate workforce is desperately seeking extended support for their personal social and work related issues The current HR practices seem to have limited impact solution to the current scenario Therefore The Spiritual Indian Corporate proposes a fresh paradigm Workplace Spirituality to manage the current scenario
