Studies In Expressive Movement:

Studies in Expressive Movement Gordon Willard Allport (Psychologe), Philip E. Vernon, 1933 **Studies In Expressive Movement** Gordon W. Allport, 2016-09-06 Investigations of personality may be focused upon any one of three different levels of phenomena The first is the level of traits interests attitudes or sentiments considered as composing an inner personality the second is the level of behaviour and expression the third is the level of impression the perception and interpretation of behaviour by another Since a discovery on one of these levels establishes a presumption that the phenomenon in question has some counterpart on the other levels a problem which is elusive on one plane may often be more expediently attacked on another This is the motive and the plan behind the present study Instead of approaching the difficult problem of consistency or organization in personality through a study of inner dispositions which of course can only be known indirectly through tests and scales we have chosen to refer the problem to the level of expressive movement and there to examine it in a more direct fashion *Studies in Expressive Movement* Gordon W (Gordon Willard) Allport, 2021-09-10 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public To ensure a quality reading experience this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy to read typeface We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant [Studies in Expressive Movement](#) Gordon W (Gordon Willard) Allport, 2021-09-09 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public To ensure a quality reading experience this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy to read typeface We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant *Studies in Expressive Movement, by Gordon W. Allport, ... and Philip E. Vernon, ... With a Chapter on Matching Sketches of Personality with Script, by Edwin Powers, ... Philip Ewart Vernon, Gordon Willard Allport, Edwin Powers, 1933 Further Studies in Expressive Movement [a Thesis] William S. Carlson William Samuel Carlson, 1938 **Studies in Expressive Movement.
