And Feel The Best You ve Ever Felt By Losing Weight Naturally In No Time Right From The Comfort Of Your Home Do you look at other people on the beach envy their good bodies and wish that you had the body to wear the bathing suit you have always wanted Most importantly do you want to save yourself from deadly diseases that weaken your immune system to fight from the conditions Now You Can Not Only Shed Those Protruding Flabs from Your Midsection but Also Can Achieve Your Dream Fitness That Will Save You from Deadly Diseases Of course we all know that body fat can ruin your confidence A fat body is simply not attractive whether you re a male or female and it s something that will make you feel a whole lot worse about yourself But it can however be a symptom of much much more It is not something you should just consider the price of aging or not eating healthy It is something that should be taken seriously Obesity is a complex disease involving an excessive amount of body fat Obesity isn t just a cosmetic concern It s a medical problem that enhances the risk of other diseases and health problems such as heart disease diabetes high blood pressure and certain cancers There are many reasons why some people have difficulty losing weight Usually obesity results from inherited physiological and environmental factors combined with diet physical activity and exercise choices Working out is never convenient But neither is an illness caused by obesity Among adults obesity is associated with over 1 800 in excess annual medical costs per person accounting for over 170 billion of annual spending in the U S Obesity related medical costs could rise by 48 to 66 billion annually by 2030 Each 10 cm 3 94 inches increase in waist circumference was associated with an 11 percent higher risk of all cause mortality People with excessive body fat often exercise and participate in healthy activities yet they still retain that unwanted fat The good news is that even modest weight loss can improve or prevent the health problems associated with obesity A healthier diet increases physical activity and behavior changes can help you lose weight No matter how much you try to eat healthily and exercise you are still unsuccessful in shedding those extra pounds from your tummy The Reason Body fat differs from fat stored in other parts of your body and hence requires a special combination of diet and exercise And since most of the gyms and fitness centers are closed losing that hazardous fat seems almost impossible But Not Anymore Now you can say goodbye to those whale blubbers and get a healthier body with the proven tips and advice right from the comfort of your home try here this Weight loss training guide Unlock the Secrets to Better Body Better Life with Brand new Weight Loss at Home A comprehensive guide will help you stay fit get rid of excessive fat strengthen your immune system and improve overall health to live a better life [Life Form User's Guide](#) Fewer Tiers, Inc. Staff,1995-05 **Net Guide** Kelly Maloni,1995 **Weight in America** ,2004 The latest information on the most important social issues in America today is the hallmark of this well established series for high school students **The Secret Guide to Computers, 2001** Russ Walter,2000-10 **Weight Loss 101 - The Complete Weight Loss Guide** Michelle Nichols,2013-12-20 Have you tried all the diets already Sick and tired of being sick and tired Frustrated when people ask you how your diet is going Let me tell you something that your personal trainer won t tell you and you won t learn at the gym The only way you ll ever lose the weight and more importantly

keep the weight off is by learning how to diet and exercise for yourself You see People spend BILLIONS yes that billions with a B every year on fad diets that work for a month Then ounce you stop you put the weight back on plus ten pounds Why is that you might ask because no one can continually starve themselves You see eventually you ll have to eat like a normal human being Even more money is spent on work out equipment advertised on late night infomercials promising you that you ll lose 50 pounds if you just use their machine for 20 minutes a day Come on We all know better than that right The truth is sometimes we re so willing to try anything not cause we re stupid but because we really want to lose weight I mean who wouldn t want to look and feel their best Not to mention that unfortunately it is statistically proven that overweight people make less money than thin people Totally unfair I know but it s true So what do you need to do Here s the secret you already know The only way that you ll ever keep the weight off is by educating yourself on how to do it and learning how your body works So you finally want to keep the weight off This book will teach you everything you ll need to know to finally do so You ll learn everything about Your genetics specific body type and how to deal with them when it comes to losing weight Why nutritional experts are wrong when they say no carbs and no fat When you should eat the food you crave like cake and when you shouldn t How your metabolism works with your body The truth behind fats Different types of proteins and how they affect your body Which vitamins you should take and which ones might be making you fatter Secrets behind which protein powders work and which just make you fat Which gym equipment works and which machines are a complete waste of your time What exercises to focus on and how to do them right to make the most out of your workout Not spending hours at the gym but 45 minutes and getting ten times better results etc I could go on and on talking about all the great information in this book But for now all I want you to understand is that if you re truly committed to keeping the weight off you will have to learn for yourself Don t count on a trainer that will cost you thousands or a piece of equipment that ll only end up collecting dust in your closet I have been personal training for over ten years and have helped thousands HELP THEMSELVES to lose weight and keep it off And exactly that information I have now put into this book The truth is that most people will pass up the opportunity and then tell themselves every new year s that this is the year that they ll hopefully lose the weight But I want to believe that this is not you and that you can do better So let me ask you Are you tired of being overweight Tired of not feeling your very best What are you waiting for
