A 02 About The Book Psychology of Arab Management Thinking For a long time now I have been putting off the idea of writing this book though it had been on my mind for a long time now The mere idea of writing this book scared me to bits and pieces for many valid and pertinent reasons As Arabs work is worshipped Islamic Religion calls on us to respect work like as if it is in praying We are also brought up to be polite courteous and decent at least a majority of us Abrupt ugly rudeness and distort are discouraged Also it is not easy to say NO as part of the culture customs traditions and heritage So what went wrong here especially in Management circles Why are we behind the rest of the world despite all our riches and resources I hope you will enjoy the book I have tried to be as frank open forthright honest sincere and genuine as I can as Readers who know me can give credence and credibility to me and will vouch and authenticate my works It is a no punch spared no barrels held stiff no frills play but to be as frank open and honest as possible so it can be a learning process for this generation and others to come in the future I have not spared myself so there is just for it to be honest sincere genuine and hard hitting sparing no one Just No One
