Motorcycle Illustrated, 1921 **Non-standard work in the Nordics: Troubled waters under the still surface** Ilsøe, Anna, Larsen, Trine Pernille, Bach, Emma S., Rasmussen, Stine, 2021-02-04 Available online <https://pub.norden.org/temanord2021/503> Most Nordic labour market and welfare state models are shaped around the notion of the standard full-time open-ended contract. However, the recent development in non-standard work in the Nordics may challenge these institutions. In this TemaNord report, we analyse the recent development of non-standard work in the Nordics within the context of the Nordic models. We draw on Nordic Labour Force Survey data to map the recent development in the well-known forms of non-standard work and through in-depth case studies, we explore emerging non-standard work practices and policy responses. There has been a fairly stable development in non-standard work across the Nordics, but the sector-specific statistics and case studies display significant changes beneath this still surface. We find examples of novel policy responses to these developments, but the COVID-19 crisis also revealed gaps in the Nordic social and employment protection regarding emerging forms of non-standard work.
