

SOCIAL MOVEMENTS

Studies In Social Movements

Olivier Fillieule, Guya Accornero

Studies In Social Movements:

Methods of Social Movement Research Bert Klandermans, Suzanne Staggenborg, 2002 Citing the critical importance of empirical work to social movement research the editors of this volume have put together the first systematic overview of the major methods used by social movement theorists Original chapters cover the range of techniques surveys formal models discourse analysis in depth interviews participant observation case studies network analysis historical methods protest event analysis macro organizational analysis and comparative politics Each chapter includes a methodological discussion examples of studies employing the method an examination of its strengths and weaknesses and practical guidelines for its application

Handbook of Social Movements Across Disciplines Bert Klandermans, Conny Roggeband, 2007-09-26 Researchers and students from divergent academic disciplines share an interest in the study of social movements and collective action Through a variety of disciplinary approaches and techniques researchers seek to understand the emergence and development of collective action In the last few decades the field of social movements studies has proliferated enormously covering a wide array of movements issues and places With this growth social movement scholars have criticized the traditional vision of collective mobilization as the results of irrational behavior and have instead developed a range of new approaches The expansion of the field has also led to increased theoretical debates and attempts to synthesize the different perspectives But these attempts have met with the obstacle of the field being multidisciplinary Discussion a theory from many areas of research can lead to misunderstandings

The Future of Social Movement Research Jacquelin van Stekelenburg, Conny Roggeband, Bert Klandermans, 2013-07-01 In The Future of Social Movement Research some of the most influential scholars in the field provide a wide ranging understanding of how social movements arise and persist engendering unanswered questions pointing to new theoretical strands and fields of research The resulting work is interdisciplinary and unusually broad in scope constituting the most comprehensive overview of the dynamics of social movements available

Social Movements Stanford M. Lyman, 2016-07-27 The aim of this book is to bring together classical recent and contemporary analyses of the social movement phenomenon Analysis is represented in several variants of its discursive form the expository essay the critique the general theory the specific case study and the futuristic meditation

Methodological Practices in Social Movement Research Donatella Della Porta, 2014 Social movement studies have grown enormously in the last few decades spreading from sociology and political science to other fields of knowledge as varied as geography history anthropology psychology economics law and others With the growing interest in the field there has been also an increasing need for methodological guidance for empirical research This volume aims at addressing this need by introducing main methods of data collection and data analysis as they have been used in past research on social movements The book emphasises a practical approach presenting in each chapter specific discussions on the main steps of research using a certain method from research design to data collection and the use of information In doing so dilemmas and choices are presented

and illustrated within chapters following the same systemic approach

Protest and Change T K Oommen, 1990-07-31 The analysis of protest movements as sources of social change has been largely neglected in the social sciences Oommen argues that until now the basic sources of change have been taken to be the economy or those watersheds in human history labelled as agrarian industrial or information revolutions By contrast political revolutions have been accorded too little attention In the first part of this book the author explores the theoretical conceptual and methodological issues in the study of social movements He then goes on to examine specific methodological problems faced by analysts of on going movements and explores the relationship between movements and institutions In Part Two he examines social movements in the macro context of the nation state while the final part considers the micro dimensions of social movements focusing on protest by specific social categories

The Blackwell Companion to Social Movements David A. Snow, Sarah A. Soule, Hanspeter Kriesi, 2008-04-15 The Blackwell Companion to Social Movements is a compilation of original state of the art essays by internationally recognized scholars on an array of topics in the field of social movement studies Contains original state of the art essays by internationally recognized scholars Covers a wide array of topics in the field of social movement studies Features a valuable introduction by the editors which maps the field and helps situate the study of social movements within other disciplines Includes coverage of historical political and cultural contexts leadership organizational dynamics social networks and participation consequences and outcomes and case studies of major social movements Offers the most comprehensive discussion of social movements available

Social Movements Paul Almeida, 2019-02-26 Social Movements cleverly translates the art of collective action and mobilization by excluded groups to facilitate understanding social change from below Students learn the core components of social movements the theory and methods used to study them and the conditions under which they can lead to political and social transformation This fully class tested book is the first to be organized along the lines of the major subfields of social movement scholarship framing movement emergence recruitment and outcomes to provide comprehensive coverage in a single core text Features include use of real data collected in the U S and around the world the emphasis on student learning outcomes case studies that bring social movements to life examples of cultural repertoires used by movements flyers pamphlets event data on activist websites illustrations by activist musicians to mobilize a group topics such as immigrant rights transnational movement for climate justice Women s Marches Fight for 15 Occupy Wall Street Gun Violence Black Lives Matter and the mobilization of popular movements in the global South on issues of authoritarian rule and neoliberalism With this book students deepen their understanding of movement dynamics methods of investigation and dominant theoretical perspectives all while being challenged to consider their own place in relation to social movements

Understanding Social Movements Greg Martin, 2015-05-01 This book offers a new and fresh approach to understanding social movements It provides interdisciplinary perspectives on social and cultural protest and contentious politics It considers major theories and concepts which are presented in an accessible and engaging format

Historical and contemporary case studies and examples from a variety of different countries are provided throughout including the American civil rights movement Greenpeace Pussy Riot indigenous peoples movements liberation theology Occupy Tea Party and the Arab Spring The book presents specific chapters outlining the early origins of social movement studies and more recent theoretical and conceptual developments It considers key ideas from resource mobilization theory the political process model and new social movement approaches It provides an expansive commentary on the role of culture in social protest and looks at substantive areas in chapters dedicated to religious movements geography and struggles over space media and movements and global activism Understanding Social Movements will be a useful resource for undergraduate and postgraduate students across disciplines wanting to be introduced to or extend their knowledge of the field The book will also prove invaluable for lecturers and academic researchers interested in studying social movements

Studies in Social Movements Barry McLaughlin,1969 **Social Movements** Dieter Rucht,2023 Dieter Rucht offers a theoretically and historically informed approach to social movements as a phenomenon of modern societies He links the analysis of social movements to general theories of society and processes of social change and combines three basic perspectives interactionist constructivist and process oriented ICP approach *De Gruyter Handbook of Youth Activism* Cihan Erdal,Jacqueline Kennelly,2025-12-29 This is the first handbook to focus exclusively on youth activism to outline the current state of research and identify promising emerging areas and to forecast what new developments one might anticipate in the future It provides a comprehensive introduction to theoretical and methodological approaches as well as insights into the directions of both the scholarly field and the phenomenon of youth activism itself within the context of global power relations Youth political socialization civic engagement and citizenship attributes have frequently been highlighted as arenas of global concern often by pundits and politicians declaiming the supposed democratic deficit amongst more recent generations Youth activism scholarship has often engaged with these debates providing critical responses to more mainstream analyses of young people as apathetic apolitical or unconcerned about the society in which they live In its place youth activism scholarship provides more nuanced accounts of the possibilities and potentials for meaningful youth engagement in political social change and conversely the barriers and proscriptions that prevent some young people from taking up a place within the polity **Social Movements in the United States** Clarence Wendell King,2012-06-01

Social Movements Vincenzo Ruggiero,Nicola Montagna,2008 This timely reader provides an anthology of the literature on social movements including the key texts relating to the notions of conflict social change and collective action The editors have selected and commented on the cameos found in this field of analysis and research from classical sociology through to contemporary social movement theory *Social Movement Studies in Europe* Olivier Fillieule,Guya Accornero,2016-03-01 Bringing together over forty established and emerging scholars this landmark volume is the first to comprehensively examine the evolution and current practice of social movement studies in a specifically European context While its first half offers

comparative approaches to an array of significant issues and movements its second half assembles focused national studies that include most major European states Throughout these contributions are guided by a shared set of historical and social scientific questions with a particular emphasis on political sociology thus offering a bold and uncommonly unified survey that will be essential for scholars and students of European social movements [The Rhetoric of Social Movements](#) Nathan Crick,2020-09-22 This collection provides an accessible yet rigorous survey of the rhetorical study of historical and contemporary social movements and promotes the study of relations between strategy symbolic action and social assemblage Offering a comprehensive collection of the latest research in the field The Rhetoric of Social Movements Networks Power and New Media suggests a framework for the study of social movements grounded in a methodology of slow inquiry and the interconnectedness of these imminent phenomena Chapters address the rhetorical tactics that social movements use to gain attention and challenge power the centrality of traditional and new media in social movements the operations of power in movement organization leadership and local and global networking and emerging contents and environments for social movements in the twenty first century Each chapter is framed by case studies drawn from movements across the world ranging from Black Lives Matter and Occupy to Greek anarchism and indigenous land protests that ground conceptual characteristics of social movements in their continuously unfolding reality furnishing readers with both practical and theoretical insights The Rhetoric of Social Movements will be of interest to scholars and advanced students of rhetoric communication media studies cultural studies social protest and activism and political science **Research in Social Movements, Conflicts and Change** L. Kriesberg,M. Dobkowski,I. Wallimann,1987 *Research On Social Movements* Dieter Rucht,1991-10-17 A study of social movements in ten Western democracies a field of social science that is difficult to survey The book summarizes theoretical approaches and their methodological correlates and provides an inventory of research on social movements in the US and nine West European countries [Research in Social Movements, Conflicts and Change](#) Patrick G. Coy,2013-07-01 This volume brings together multi method research on political mobilization in the USA rights in Peru peacebuilding in Croatia and Israel Palestine local forums in the Occupy movement and a crowd behaviors in the context of university party riots *Social Movements* Anthony Oberschall,2017-10-23 More than any other topic in social science the study of social movements provides an opportunity to combine social theory with political action Such study is a key to understanding the motivations successes and failures of thousands who aspire to high ideals of justice but who sometimes aid in perpetuating inhumane political acts and systems Building upon the past twenty years developments in theory and research Social Movements combines original theoretical and methodological approaches with penetrating analyses of contemporary movements from the sixties to the present Anthony Oberschall argues that social movements are central to contemporary politics in both Western and Third World nations They are not quaint stepchildren to public policy and social change that disappear as nations modernize Collective action by the citizenry spilling beyond the boundaries of

routine politics is an integral part of the process of creative destruction that Joseph Schumpeter ascribed to modern capitalism and all dynamic modern societies Among the subjects that OberschaU examines in Social Movements are the Civil Rights movement decline of the New Left the feminist movement the New Christian Right the tobacco control movement collective violence in U S industrial relations and some comparative historical movements including the Cultural Revolution in China the abortive 1968 revolution in Czechoslovakia political strife in postcolonial Africa and the sixteenth century European witch craze In looking beyond the immediate political circumstances of these social movements Oberschall points the way to achieving the next major task of social movement theory a more satisfactory understanding of the dynamics and course of social movements and counter movements and a method of accounting for the outcomes of public controversies Free of jargon and technical terminology Social Movements is written for sociologists political scientists historians professionals dea
